Demon Tweeks and Yokohama tyres are the main sponsors for the Stock Hatch Championship, which in its 6th year continues to be one of the most popular saloon car championships in the UK. The use of standard engine & gearbox, a 'control' Yokohama A539 tyre and a weight penalty for leading cars ensures close racing at very affordable cost.

Demon Tweeks and Yokohama tyres are the main sponsors for this year's Hot Hatch Championship which attracts a wide range of popular hatchback cars of up to 2000cc. Cars are allowed engine and suspension modifications, standard pattern brakes and all must use the Yokohama A032R 'control' tyre. This together with a weight penalty for leading cars ensures close racing without excessive budgets.

The 750 Motor Club Formula Vee championship is ideal for beginner and 'expert' alike, looking for competitive single seater racing on a low budget. It has been run by the 750 Motor Club since 1980 and is probably the cheapest way to go single seater racing in the UK. Engine, gearbox and much of the suspension and braking system is from the VW 1300 Beetle and this, along with a Dunlop 'control' tyre puts the emphasis on driver ability to win races.

First introduced in 2001, the 750 Motor Club's RGB Championship is for two-seater cars which must be road legal and capable of passing an MOT. Cars may be constructed specifically for the series or may be one of the many motorcycle engine cars currently available from a wide range of kit car manufacturers. The engines must be series-production four-stroke units and may not be modified from standard; they run in four classes; standard Fireblade engine kit cars (class C), up to 135 bhp (class B), 136 to 180 bhp (class A) and rear-engined cars (class D). The Championship is sponsored by MDS Battery Ltd - see their advert on the inside front page for full information.

sponsored by Bantam Trailers

Austin Sevens first raced in 1923. Bill Boddy kicked off the **Seven Fifty Motor Club** in 1939 and the first Austin 7 race (Formula 750) took place at Silverstone in 1950. Raceworthy components became scarce and Austin 7 racing declined during the late 1970's. The **Austin 7 Triple Challenge** is held in celebration of those pioneering days. Thanks to the support of **Bantam Trailers** and the **Seven Fifty Motor Club**, Austin 7 racers from all eras are once again on the track displaying the traditional spirit of friendly, but resolute, competition. Handicap results are calculated after the finish by applying a performance-related allowance to each car.

750 Formula is for lightweight two-seater sports racing cars and was originally introduced by the 750 MC in 1949, as its first racing formula. The regulations provide ample scope for the budding amateur to design and build his own car, and to develop his skills in chassis / suspension design and engine tuning within carefully controlled limits; alternatively there are often suitable cars available for sale from within the formula.
