First introduced in 2001, the 750 Motor Club's RGB Championship is for two-seater cars which must be road legal and capable of passing an MOT. The engines must be series-production four-stroke units and may not be modified from standard; they run in four classes; standard Fireblade engined kit cars (class C), up to 135 bhp (class B), 136 to 180 bhp (class A) and rear-engined cars (class D). The Championship is sponsored by MDS Battery Ltd - see their advert on the inside front page for full information.

Donington Park is the venue for the third round and the first race of the 2003 John Cooper Challenge. Devised in 2002 by Michael Cooper, this year's series sees 28 novice and experienced drivers competing in mildly modified versions of the Mini Cooper S. Tuned to produce 120bhp instead of the road car's 114, each is built to the same standard by the John Cooper Works. "This ensures the emphasis is on driver skill, not power," said Michael. "That's the reason we include a sprint and hillclimb in the calendar as well as races, to develop driving skills." Following two rounds, the Championship is led by Tony Skelton (39 points) from Nick Smith and Barney Craggs with 34 and 33 points, respectively. The JCC has attracted support this year from MINI Genuine Parts & Accessories, Castrol and Dunlop as main sponsors together with Corbeau Seats, Scalextric and Brian James Trailers, backing the series for the first time, in addition to the 'Mintex Spirit Award', 'Spax Improvers Award' and the 'Safety Devices Pole Award'.

Races 9 & 19

10 & 15 Laps

Closed Wheel Allcomers

Last races on both Saturday and Sunday will be impromptu non-championship races for anything other than single-seater car; most of the entrants will be racing in one or other of the various Championship races in the weekend's programme.

There will be a practice session for them and the grids will be set in the normal way ie with the fastest at the front.

Since there will be such a wide variety of cars taking part, this should provide for interesting racing, as well as giving the drivers an extra race for very reasonable cost. Entries can be taken up to one hour before the practice sessions.

An entry list will be posted at Race Admin before the scheduled practice times.

The Donington Park Racing Association Club

*Donington Park's
independent
supporters' club*

The DPRAC is pleased to support today's 750 Motor Club meeting at Donington to the tune of £1,000 – most of which will be awarded in prize money to class winners.

The money comes from the Club's **Race Fund**, which is used to help encourage "grass roots" motorsport at Donington Park. Later this year the New Era motorcycle meeting will also benefit.

The DPRAC is also committed to the safety and welfare of competitors, and through its **Welfare Fund** (a registered charity) has provided thousands of pounds' worth of rescue and medical equipment for use at the circuit. The Club also helps injured competitors – those who are unfortunate enough to be hospitalised are visited by DPRAC committee members early in their stay and are given £100 in cash to help their immediate needs, or to help their family and friends to visit.

DPRAC members themselves benefit from concessions on admission, discounts on racing tuition and other goods and services, and opportunities to ride and drive the circuit. The Club also has a private enclosure at the top of the Craner Curves (although today they are based in the Monza Suite instead). And all for just £13 a year, or £21 for joint membership.

To find out more, visit us in the Monza Suite (above the pits), or contact the club secretary, Tony Gamble, at 80 Baldocks Lane, Melton Mowbray, Leics. LE13 1EW (telephone 01664 852902, e-mail tony@dprac.co.uk).

the remainder into the Final (Race 16).

The spaces on the back of the Final will be filled by the top finishers in the Heat.

The 750 Motor Club Formula Vee championship is ideal for beginner and 'expert' alike, looking for competitive single seater racing on a low budget. It has been run by the 750 Motor Club since 1980 and is probably the cheapest way to go single seater racing in the UK. Engine, gearbox and much of the suspension and braking system is from the VW 1300 Beetle and this, along with a Dunlop 'control' tyre puts the emphasis on driver ability to win races.

Demon Tweeks and Yokohama tyres are the main sponsors for this year's Hot Hatch Championship which attracts a wide range of popular hatchback cars of up to 2000cc. Cars are allowed engine and suspension modifications, standard pattern brakes and all must use the Yokohama A032R 'control' tyre. This together with a weight penalty for leading cars ensures close racing without excessive budgets.

For this event, the 500 Owners Association F3 cars have joined with the 750 Motor Club's 750 Trophy series.

The 750 Trophy Series is for Austin Seven based cars, supported by other cars of historic interest and similar performance. As in the former pre-war Austin 7 Championship, Austin Sevens will compete in two classes:- Austin Seven sports and racing cars, post-war specials and early 750 Formula cars with Austin Seven engines/gearboxes. In further classes are cars from the old 1172 Formula along with vintage, PVT and historic cars such as 500cc Formula 3 and other similar vehicles.
