88	Nik Tarry	Locost	1300.	Southampton	750
99	Stuart James	Locost	1300.	Reading	750

After practice, the fastest 34 qualified drivers take part in the race.

The 750 Motor Club Locost Championship is for cars built to the same basic design and using a standard Ford 1300 cc x flow engine, gearbox and many other standard components. Designed to ensure close racing and encourage new drivers into club racing at sensible cost levels the championship has now expanded to a point where 2 grids are necessary at some meetings.

750 Formula is for lightweight two-seater sports racing cars and was originally introduced by the 750 MC in 1949, as its first racing formula. The regulations provide ample scope for the budding amateur to design and build his own car, and to develop his skills in chassis / suspension design and engine tuning within carefully controlled limits; alternatively there are often suitable cars available for sale from within the formula. There are two engine options, either the highly tuned Reliant 850cc or the unmodified Fiat 'FIRE' 1108cc, the latter introduced in 2003 due to the diminishing supply of spares for the Reliant engine.

The nominated reserve practices, but only races if space becomes available.

First introduced in 2001, the 750 Motor Club's RGB Championship is for two-seater cars which must be road legal and capable of passing an MOT. Cars may be constructed specifically for the series or may be one of the many motorcycle engined cars currently available from a wide range of kit car manufacturers. The engines must be series-production four-stroke units and may not be modified from standard; they run in four classes; standard Fireblade engined kit cars (class C), up to 135 bhp (class B), 136 to 180 bhp (class A) and rear-engined cars (class D). The Championship is sponsored by MDS Battery Ltd - see their advert on the inside front page for full information.

Demon Tweeks and Yokohama tyres are the main sponsors for this year's Hot Hatch Championship which attracts a wide range of popular hatchback cars of up to 2000cc. Cars are allowed engine and suspension modifications, standard pattern brakes and all must use the Yokohama A032R 'control' tyre. This together with a weight penalty for leading cars ensures close racing without excessive budgets.

The 750 Trophy Series is for Austin Seven based cars, supported by other cars of historic interest and similar performance. As in the former pre-war Austin 7 Championship, Austin Sevens will compete in two classes:- Austin Seven sports and racing cars, post-war specials and early 750 Formula cars with Austin Seven engines/gearboxes. In further classes are cars from the old 1172 Formula along with vintage, PVT and historic cars such as 500cc Formula 3 and other similar vehicles.

The 750 Motor Club Sports 1000 series is new for 2003 and adds a new sports-racing category to its range of formula. Cars may be self-build, conversions from other sports-racing categories or can be bought 'off the shelf'. All must run with an unmodified BMW K100 motorcycle engine of 987cc capacity, driving through a live rear axle from a production car and must use a 'control' slick tyre from Yokohama.

The drivers on this page are in the 1st Vee practice session.

From the combined times of the 2 sessions, the slowest 34 go into Race 9,
the remainder into Race 14.

The spaces on the back of the grid for Race 14 will be filled by the top finishers in Race 9.

The 750 Motor Club Formula Vee championship is ideal for beginner and 'expert' alike, looking for competitive single seater racing on a low budget. It has been run by the 750 Motor Club since 1980 and is probably the cheapest way to go single seater racing in the UK. Engine, gearbox and much of the suspension and braking system is from the VW 1300 Beetle and this, along with a Dunlop 'control' tyre puts the emphasis on driver ability to win races.

The drivers on this page are in the 1st Stock Hatch practice session. From the combined practice times, the fastest 34 go into Race 10, the next fastest 34 into Race 13. Reserves practice, but only race if space becomes available.

Demon Tweeks and Yokohama tyres are the main sponsors for the Stock Hatch Championship, which in its 6th year continues to be one of the most popular saloon car championships in the UK. The use of standard engine & gearbox, a 'control' Yokohama A539 tyre and a weight penalty for leading cars ensures close racing at very affordable cost.

The 750 Motor Club Formula 4 Championship provides the technical sophistication of slicks and wings in an affordable single seater championship. Class A allows any design of chassis powered by the 1600 CVH, 1800 Zetec or Honda Blackbird engine. Class B is for FF2000 cars, class C for pre Dec '80, running to the former FF2000 regulations and Class D is for pre 2001 Formula Ford Zetec cars.

John Cooper Challenge

Silverstone welcomes the John Cooper Challenge back for the second time this season to host the 7th round of the championship.

An exciting 6 rounds has already passed in these Clubsport MINI's tuned to produce 120bhp instead of the road car's 114, each built to the same standard by the John Cooper Works. "This ensures the emphasis is on driver skill, not power," said Michael. "That's the reason we include a sprint and hillclimb in the calendar as well as races, to develop driving skills."

The Championship is currently tied at the top by Mark Speller and Dominic Yarnold both on 96 points, with Andy Waterfall sitting in third place with 91 points. While in the novice table Darren Needham is sitting comfortably in the lead on 113 points.

The JCC has attracted support this year from MINI Genuine Parts & Accessories, Castrol and Dunlop as main sponsors together with Corbeau Seats. Scalextric and Brian James Trailers, backing the series for the first time, in addition to the 'Mintex Spirit Award', 'Spax Improvers Award' and the 'Safety Devices Pole Award'.

The 750 Motor Club Roadsports Championship, sponsored in 2003 by Race Speed, is the most varied and competitive sports car category in the country, attracting cars from five decades, over ten different manufacturers and has in excess of 110 eligible models of sports cars currently listed. With carefully chosen class structures to ensure close competition for everyone, even cars from one-make series will find a place with more interesting competition.

See the inside back page for full information about this year's sponsor, Race Speed.
