9. MDS Battery RGB Championship	5.05
The Organisers reserve the right to bring forward the above timetable by up to 30 minutes.	

Race 1

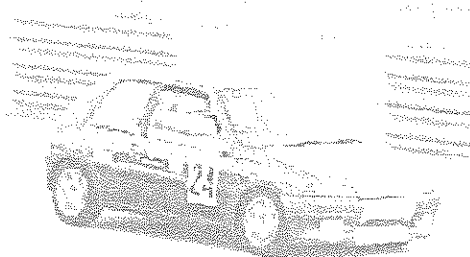

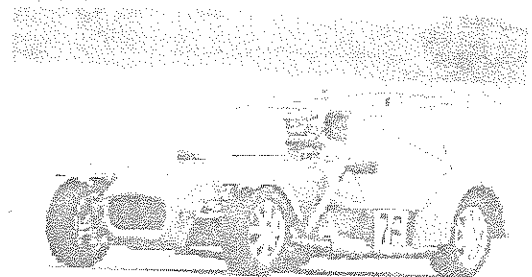

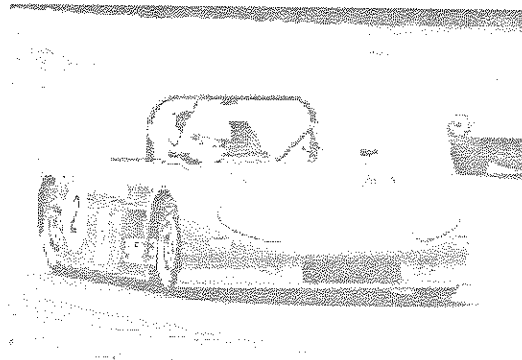

15 minutes

Closed Wheel Allcomers

The "Closed Wheel Allcomers" is an additional race to the programme, sometimes planned for in the original schedule and sometimes added at the last minute because of space available in the timetable.

Virtually any car, with the exception of single seaters, can take part; on most occasions the cars will already be competing in one of the races at the meeting, but others are not excluded. It gives drivers extra track time and provides an interesting cross-section of cars.

Millers Oils/JEC Sports Car Championship

The Millers Oils/JEC Sports Car Championship is organised by the Jaguar Enthusiasts Club and is for Jaguar engine cars in 5 classes:- Original, replica Jaguar or other sports-racing or production cars; Jaguar V12 & V8 type standard 3.4, 4.2 and V12; modified roadgoing Jaguar E types in 3.8 & 4.2 litre. An invitation class caters for Jaguar powered cars not covered by the above.

750 Trophy Series

The 750 Motor Club's 'Historic' racing series, for early 750 Formula, Austin 7 specials, 1172cc side-valve front-engined cars, Historic 500cc F3 cars and other historic and classic cars. New cars have to be built within careful guidelines to ensure compatibility. Engines include Austin 7, Reliant engines (642cc and 748cc OHV, 747cc side-valve), Ford 1172 side-valve and Climax; F3 500cc class must comply with 500 OA.

750 Motor Club Locost Championship

	No	Driver	Car	ccs	Hometown	Club	Practice Session
The 750 Motor Club Locost Championship is for cars built to the same basic design and using a standard Ford 1300 cc crossflow engine, gearbox and many other standard components. All cars run with a 'control' camshaft from Kent Cams; modifications are limited to a rebore and basic 'blue-printing'. There is also a 'control' tyre, the Yokohama A539 which, being a road-legal tyre, is suitable for both dry and wet conditions. There is free choice of spring rates and anti-roll bars; dampers must be steel-bodied and single-adjustable. Designed to ensure close racing and encourage new drivers into club racing at sensible cost levels the championship has now expanded to a point where 2 grids are necessary at some meetings.	7	Simon Read	Locost	1300	Ely	750MC	A

From the combined practice sessions, the slowest 28 go into Race 4, the remainder into Race 8.

The grid for Race 8 will be topped up to 28 by the top finishers in Race 4.

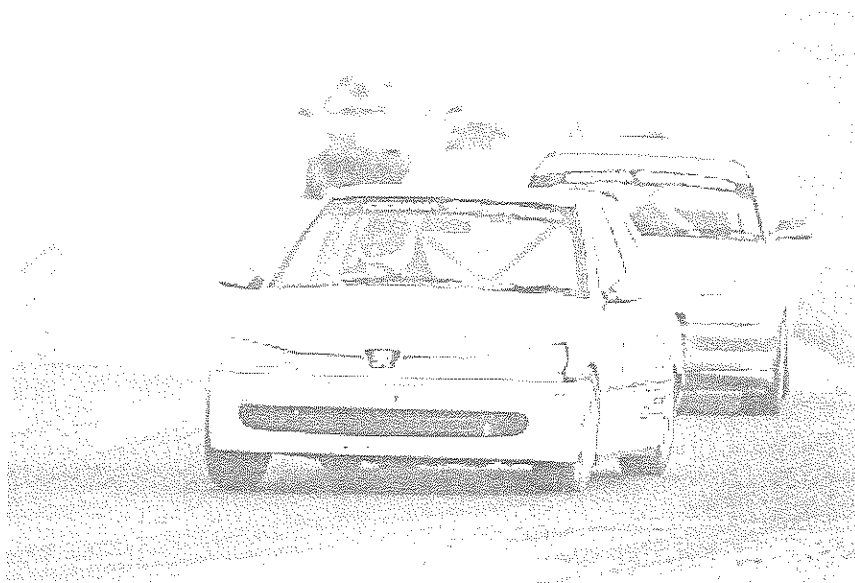

Race 5

15 minutes

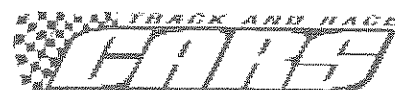

Demon Tweeks/Yokohama Hot Hatch Championship

'Hatchbacks', available for sale in the UK (class A cars for at least three years prior to the current season). 'Homologation Specials' are not permitted. There are three classes which include:- up to 1400cc multi-valve, up to 1600cc two valve and 1601 — 2000cc. Equality of performance is maintained by the amount of engine tuning permitted and by the ballasting of winning cars. Engines must be the original (type) fitted to the car; varies from simple 'blueprinting', to changing pistons, valves, carbs & exhaust, dependant upon class. Springs and dampers are free, including coil-overs, provided they utilise the original pick-up points. The original gearbox must be used; close-ratio gears are OK in class A. Final drive ratio is free. LSD or similar is not permitted. All cars run on the Yokohama AO32R or 510; rim width is free provided they fit within the standard bodywork.

'Trump Card' 750 Formula Championship

750 Formula is for lightweight two-seater sports racing cars, originally introduced by the 750 MC in 1949, as its first racing formula. The regulations provide ample scope for the budding amateur to design and build his own car, and to develop his skills in chassis/suspension design and engine tuning within carefully controlled limits; alternatively there are often suitable cars available for sale from within the formula. There are two engine options, either the highly tuned Reliant 850cc or the unmodified Fiat 'FIRE' 1108cc, the latter introduced in 2003 due to the diminishing supply of spares for the Reliant engine. All cars run on a control Yokohama slick tyre.

MDS Battery RGB Championship

First introduced in 2001, the 750 Motor Club's RGB Championship is for two-seater cars which must be road legal and capable of passing an MOT. Cars may be constructed specifically for the series or may be one of the many motorcycle engine cars currently available from a wide range of kit car manufacturers. The engines must be series-production four-stroke units and may not be modified from standard; they run in three classes; standard Fireblade engine kit cars (class C), up to 135 bhp (class B), 136 to 180 bhp and rear-engined cars (class A).

New for 2004 is a Yokohama control tyre, the A048R.

The Championship is once again sponsored by MDS Battery Ltd.

MDS

Marshalling

As an active alternative to competing, you could become one of the hundreds of hardy souls who clad themselves in orange overalls each weekend, to carry out the variety of jobs essential to the safe running of an event. It's a serious undertaking and can get you very close to the action at times.

Course, Incident, Flag, Observer, Pits, Paddock, Assembly, Race Rescue Unit - all these basically come under the umbrella of marshalling. However, you don't just come along and do whatever job you fancy on the day; there is a lot more to it than that. Those with no experience start as Trainees and will be placed with experienced marshals at whatever position they are allocated. Training days are available, ranging from fire-fighting, incident handling, use and knowledge of the many flags through to, after years of experience, becoming Examining Observer or Specialist.

The 750 Motor Club looks after its Marshals, realising only too well that they are all volunteers and it has a Sponsorship Scheme to assist new marshals to buy the necessary kit (overalls, wet weather gear etc) or to help with their replacement; this funding uniquely comes directly from the 750 Motor Club competitors by way of donations to our Marshals Fund.

With its 28 race days, plus Sprints, Trials, the Formula Student event, the Shell Eco-Marathon and the London-to-Brighton run, the 750 Motor Club has lots to offer to both new and experienced Marshals.

For more information about Marshalling (remembering that Novice drivers can get a licence-upgrading signature for doing just one day's marshalling), please contact the Club's Chief Marshal:-
