The Donington Park Racing Association Club

*Donington Park's
independent
supporters' club*

The DPRAC is pleased to support today's 750 Motor Club meeting at Donington to the tune of £1,000 – most of which will be awarded in prize money to class winners.

The money comes from the Club's **Race Fund**, which is used to help encourage "grass roots" motorsport at Donington Park. Later this year the New Era motorcycle meeting will also benefit.

The DPRAC is also committed to the safety and welfare of competitors, and through its **Welfare Fund** (a registered charity) has provided thousands of pounds' worth of rescue and medical equipment for use at the circuit. The Club also helps injured competitors – those who are unfortunate enough to be hospitalised are visited by DPRAC committee members early in their stay and are given £100 in cash to help their immediate needs, or to help their family and friends to visit.

DPRAC members themselves benefit from concessions on admission, discounts on racing tuition and other goods and services, and opportunities to ride and drive the circuit. The Club also has a private enclosure at the top of the Craner Curves (although today they are based in the Monza Suite instead). And all for just £13 a year, or £21 for joint membership.

To find out more, visit us in the Monza Suite (above the pits), or contact the club secretary, Tony Gamble, at 80 Baldocks Lane, Melton Mowbray, Leics. LE13 1EW (telephone 01664 852902, e-mail tony@dprac.co.uk).

Races 2/3/10 & 13/13/20

13 mins + 1 lap

Demon Tweaks/Yokohama Stock Hatch Championship

The Stock Hatch Championship, is in its 8th year & continues to be the most popular championship in the UK.

Modifications are strictly limited to basic rebore and blueprinting along with the use of standard gearbox; ignition systems are 'free'; suspension mods are limited to lowering and uprating of springs and dampers; brakes remain standard with free pad materials; a 'control' Yokohama A539 tyre and a weight penalty for leading cars ensures close racing at very affordable cost.

151	B	Johnny Dawes	Peugeot 106 Xsi	1360	Hackney

The above drivers are in the 1st Stock Hatch practice session.

demon tweaks

From the combined times of the 3 practice sessions, the slowest 64 will be split alternately into Races 2 & 3; the remainder go straight into Race 10 and that grid will be topped-up to 32 by taking alternately the top finishers in Races 2 & 3. For Sunday's races, the same procedure is used taking the drivers' 2nd fastest time in Saturday's practice sessions.

MDS Battery RGB Championship

First introduced in 2001, this Championship is for two-seater cars which must be capable of passing an MOT. Cars may be constructed specifically for the series or may be one of the many motorcycle engined cars currently available. The engines must be series-production four-stroke units and may not be modified from standard; they run in three classes; standard Fireblade engined kit cars (class C), up to 145 bhp (class B), 146 to 180 bhp and all rear-engined cars (class A). Control tyre is the Yokohama AO48R.

750 Motor Club 750 Formula Championship

750 Formula is for two-seater sports racing cars, introduced by the 750 MC in 1949, as its first racing formula. The regulations provide ample scope for the amateur to design and build his own car, and to develop his skills in chassis / suspension design and engine tuning within carefully controlled limits. There are two engine options, either the highly tuned Reliant 850cc or the unmodified Fiat 'FIRE' 1108cc, the latter introduced in 2003 due to the diminishing supply of spares for the Reliant engine. All cars run on a control Yokohama slick tyre.

750 Motor Club Locost Championship

The 750 Motor Club Locost Championship is for cars built to the same basic design and using a standard Ford 1300 cc crossflow engine, gearbox and many other standard components. All cars run with a 'control' camshaft from Kent Cams; modifications are limited to a rebore and basic 'blue-printing'. There is also a 'control' tyre, the Yokohama A539. There is free choice of spring rates and anti-roll bars; dampers must be steel-bodied and single-adjustable.

750 Motor Club Kit Car Championship

The 750 Motor Club Kit Car Championship is for Genuine 'production' kit cars. Chassis and bodywork materials and the design concept may not be changed. Cars must be capable of passing an MoT test. Engines must be production-car based, with a maximum of 3500cc and a separate class (B) for 1800cc Ford Zetec engines. Multi-valve engines are included within limits & engine tuning is restricted. Gearbox and diff must be from a production car. The control tyre is the Yokohama AO32R/AO48R. Rim width is 6" or 7" depending upon class.

MG Motorsports "Equipe" GTS with Virgin Radio Classic Rock

We welcome a capacity grid of superb period improved and FIA historic road sports cars for round two of the Virgin Radio Classic Rock "Equipe" GTS. Tom Smith won the previous race at Snetterton in the MG Motorsport prepared MGB by the narrowest of margins from the leading hoards of fellow MGA and MGB drivers. Watch out for Allan Ross Jones or Simon Watson's Triumph TR4s or maybe the more nimble Lotus Elite of Brian Arculus or Rod Begbie's TVR Grantura to upset the majority rule at this event.

750 Motor Club Formula Vee Championship

The 750 Motor Club Formula Vee championship is ideal for beginner and 'expert' alike, looking for competitive single seater racing on a low budget. It has been run by the 750 Motor Club since 1980 and is probably the cheapest way to go single seater racing in the UK. Engine, gearbox and much of the suspension and braking system is from the VW 1300 Beetle and this, along with a Dunlop 'control' tyre puts the emphasis on driver ability to win races.

No	Name	Car	ccs	Hometown

Actman Eyewear MG Midget Challenge with 750 MC Roadsports Championship

The Actman Eyewear MG Midget Challenge, run by the MGCC, is split into 3 classes -
Group A: Fully modified cars running on slicks
Group B: Race modified cars with standard bodywork and slicks.
Group C: Road going cars, with limited modifications.

The 750MC Roadsports Championship is for any sports car produced in reasonable volume and is split into separate classes based generally on engine capacity/car type. Engine has to be original fitment but can be seriously modified - power outputs will vary between 100bhp in the small class, to getting on for 400 bhp in the big class.
