Scottish XR2 Championship

Run by the SMRC and now in its 12th season, Khumho are again supporting the MK2 XR2s which all use their road based tyres and are virtually standard with no engine modifications permitted. The Newcomers Cup is for drivers in their first or second year of car racing and usually has plenty of entries, which proves how popular XR2 racing is to start off in. Scott Fraser was the first person to win both the Championship and the Newcomers Cup. Andrew Winchester and Alistair Fraser (Scott's dad) came second and third in the class. To help watch the drivers progress in races the top 20 drivers from last season are numbered 1 to 21 as 13 was not issued.

750 Motor Club Kit Car Championship

The 750 Motor Club Kit Car Championship is for Genuine 'production' kit cars. Chassis and bodywork materials and the design concept may not be changed. Cars must be capable of passing an MoT test. Engines must be production-car based, with a maximum of 3500cc and a separate class (B) for 1800cc Ford Zetec engines. Multi-valve engines are included within limits & engine tuning is restricted. Gearbox and diff must be from a production car. The control tyre is the Yokohama AO32R/AO48R. Rim width is 6" or 7" depending upon class.

750 Motor Club Bike-Sports Series

New in 2005 was the 750 Motor Club's Bike-Sports series, backed by Circuit Driver magazine. The series caters for sports-racing cars of any make, fitted with a production motorbike engine and gearbox. It is divided into classes based upon the engine size, but also includes separate classes for the Radical Clubsport, Sports 1000 and Global Lights cars.

750 Motor Club 750 Formula Championship

750 Formula is for two-seater sports racing cars, introduced by the 750 MC in 1949, as its first racing formula. The regulations provide ample scope for the amateur to design and build his own car, and to develop his skills in chassis / suspension design and engine tuning within carefully controlled limits. There are two engine options, either the highly tuned Reliant 850cc or the unmodified Fiat 'FIRE' 1108cc, the latter introduced in 2003 due to the diminishing supply of spares for the Reliant engine. All cars run on a control Yokohama slick tyre.
