28 & 18 mins + 1 lap

# Cambridge Race Cars Bike-Sports Championship

Introduced in 2005, the 750 Motor Club's Bike-Sports Championship, is sponsored by Cambridge Race Cars. The championship caters for sports-racing cars of any make, fitted with a production motorbike engine and gearbox. It is divided into 3 classes: A up to 1300cc modified, B 1001 – 1300 standard; C up to 1000 standard and Radical Clubsport 1100. Minimum weights apply in all classes.

Cambridge Race Cars (formerly Cambridge Kit Car Company) was created in 2003 by Jonathan Wright, who spent many years running Industrial Site Services - an engineering company supplying services to the aircraft and automotive industry. Cambridge Race Cars have built several successful racecars and competed in many motorsport events with the 750 Motor Club, including the SR4 in which Jonathan won the RGB championship in 2006.

# 13 mins + 1 lap

## Premier Choice Group 750 Formula Championship

750 Formula is for two-seater sports racing cars, introduced by the 750 MC in 1949, as its first racing formula. The regulations provide ample scope for the amateur to design and build his own car, and to develop his skills in chassis / suspension design and engine tuning within carefully controlled limits. There are two engine options, either the highly tuned Reliant 850cc or the unmodified Fiat 'FIRE' 1108cc, the latter introduced in 2003 due to the diminishing supply of spares for the Reliant engine. All cars run on a control Yokohama slick tyre.

# 750 Motor Club Locost Championship

The 750 Motor Club Locost Championship is for cars built to the same basic design and using a standard Ford 1300 cc crossflow engine, gearbox and many other standard components. All cars run with a 'control' camshaft from Kent Cams; modifications are limited to a rebore and basic 'blue-printing'. There is also a 'control' tyre, the Yokohama A539. There is free choice of spring rates and anti-roll bars; dampers must be steel-bodied and single-adjustable.

# 750 Motor Club

*Club Motorsport at its Best!*

[www.750mc.co.uk](http://www.750mc.co.uk)

# Go Racing - how?

**It's a lot easier than you might think.**

1. Get a Race Licence, issued by the Motor Sports Association (MSA).
2. Join the 750 Motor Club
3. Register for a championship or race series

## 1. Getting a Race Licence:

Apply to the MSA for a "Go Racing – Starter Pack"; this will include a Race Licence Application Form, a Medical Form to be completed by your GP and a useful DVD/video outlining some of the things you will come across in your ARDS Course (*what's an ARDS Course?*). The Association of Racing Driving Schools, which are situated at most of the race circuits in the UK, run one-day courses which include theory tests of your basic knowledge of motor sport (flag signals etc) and a practical 'test' of your ability to drive safely around a circuit. On the assumption that you pass your ARDS course and your GP (or another Doctor) is happy with your physical condition, you can then apply to the MSA for your National B Race Licence. When you get your licence, you will also get a copy of the MSA Year Book (commonly called the Blue Book). This contains all the General Regulations of the MSA some of which, like section Q – Safety, is essential reading; other bits will send you to sleep at night!

## 2. Join the 750 Motor Club:

Download a membership form (note that this is separate from registering for a championship/series).

## 3. Register for a Championship/Race Series:

Download the regulations and registration form.

## Costs (for 2008) :

MSA 'Go Racing' Pack	£53
ARDS Course	£275
MSA National B Licence	£49
750 Motor Club Membership	£50
Championship Registration	£75

## Other Considerations:

You will have to have the correct safety clothing (overalls, gloves, helmet); bear in mind that the standards for these are reviewed each year. It's probably advisable to wait until you have your copy of the current 'Blue Book' before committing to the expense; it also ensures that you are not sold something which is not eligible in car racing – helmets are a prime example.

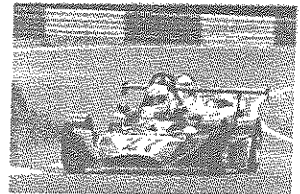

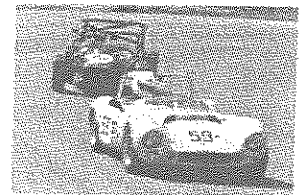

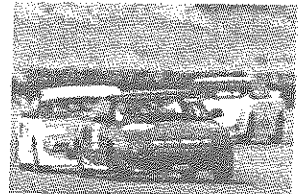

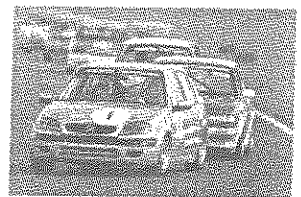

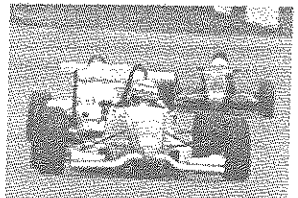

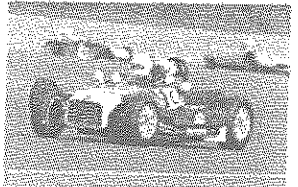

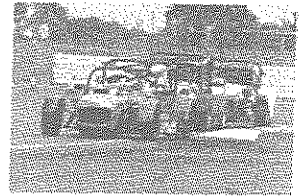

Oh, and I suppose you'll need to have a race car as well!

## Useful Contact:

MSA, Motor Sports House, Riverside Park, Colnbrook, Slough. SL3 0HG.  
Tel: 01753 765000. Website – [www.msauk.org](http://www.msauk.org)

## 750 Motor Club Kit Car Championship

The 750 Motor Club Kit Car Championship is for Genuine 'production' kit cars. Chassis and bodywork materials and the design concept may not be changed. Cars must be capable of passing an MoT test. Engines must be production-car based. Classes are 2000 – 3500cc plus Ford Duratec, up to 2000cc, plus a separate class for Ford Zetec engines. Gearbox and diff must be from a production car. The control tyre is the Yokohama AO32R/AO48R. Rim width is 6" or 7" depending upon class.

# 750 MC **SAXMAX** Championship

Introduced in 2006, this is the 750 Motor Club's championship for Junior drivers, aged 14 – 17 years. The car chosen is the Citroen Saxo VTR with very strict limitations on tuning and very specific safety features in accordance with MSA and FIA standards. The cars run with a control Piper camshaft, a control ECU and all run on the Yokohama C Drive tyre supplied by George Polley Motorsport. The championship has proved to be an ideal 'starter' formula for young drivers.

13 mins + 1 lap

# 750 Motor Club Golf GTI Championship

During 2007, the 750 Motor Club ran a series of races for the Mk2 VW Golf GTI as a 'trial' for a future championship. Interest in the series and the number of competitors were sufficient to allow the Club to be granted championship status for 2008, which is an exceptionally short gestation period in racing terms. Both the 8 valve (class 1) and 16 valve (class 2) versions are eligible and run to minimum weights. Tuning is very restricted – a 'control' Newman camshaft, 'control' Toyo tyres, uprated suspension, standard gearbox – and the racing is close.

No	Cls	Driver	Car details	ccs	Hometown

## AB Performance RGB Championship

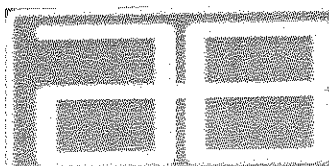

First introduced in 2001, this Championship is for two-seater cars which must be capable of passing an MOT. Cars may be constructed specifically for the series or may be one of the many motorcycle engined cars currently available. The engines must be series-production four-stroke units and may not be modified from standard; they run in three classes; standard Fireblade engined kit cars (class C), up to 145 bhp (class B), 146 to 180 bhp and all rear-engined cars (class A). Control tyre is the Yokohama AO48R.
