**Races 1 & 4****13 mins + 1 lap****750 Motor Club Formula Vee Championship**

The 750 Motor Club Formula Vee championship is ideal for beginner and 'expert' alike, looking for competitive single seater racing on a low budget. It has been run by the 750 Motor Club since 1980 and is probably the cheapest way to go single seater racing in the UK. Engine, gearbox and much of the suspension and braking system is from the VW 1300 Beetle and this, along with a Dunlop 'control' tyre puts the emphasis on driver ability to win races.

**Race 2****13 mins + 1 lap****750 Motor Club Allcomers**

Having run a few Allcomers races in the past, the 750 Motor Club is aware that there are many cars which, although fully prepared for racing, have no specific 'home' in which to race – this may be due to the cessation of a championship or series or the fact that the car was not built to any particular specification. The 750 Motor Club Allcomers races embrace these cars, plus those drivers wanting an additional race on the day.

## Demon Tweaks/Yokohama Stock Hatch Championship

The Stock Hatch Championship, is in its 13<sup>th</sup> year & continues to be the most popular championship in the UK. Modifications are strictly limited to basic rebore and blueprinting along with the use of standard gearbox; ignition systems are 'free'; suspension mods are limited to lowering and uprating of springs and dampers; brakes remain standard with free pad materials; a 'control' Yokohama tyre and a weight penalty for leading cars ensures close racing at very affordable cost.

**Races 5 & 9****13 mins + 1 lap****AB Performance RGB Championship**

First introduced in 2001, this Championship is for two-seater cars which must be capable of passing an MOT. Cars may be constructed specifically for the series or may be one of the many motorcycle engined cars currently available. The engines must be series-production four-stroke units and may not be modified from standard; they run in three classes; standard Fireblade engined kit cars (class C), up to 145 bhp (class B), 146 to 180 bhp and all rear-engined cars (class A). Control tyre is the Yokohama AO48R.

**Race 6****13 mins + 1 lap****MG Midget Challenge**

The MG Midget Challenge is run by the MGCC and was started in 1977.

Eligible cars include all models of MG Midget and Austin Healey Sprite, plus the 'historic' bodied versions such as Ashley, Lenham, Sebring, Speedwell and WSM.

The championship is split into 3 classes, with varying amounts of modifications.

**Group A:** Fully modified cars running on slicks up to 10" width.

**Group B:** Race modified cars running with standard shape bodywork and slicks up to 6" width.

**Group C:** Road going cars, with limited engine and bodywork modifications, all running Bridgestone tyres on 5" wide rims.

*Thirty Four Years of Midget Racing*

*This round is sponsored by  
Peter May Engineering*

A warm welcome to round ten of this season's Midget Championship. We run eleven races through the season and include all major UK circuits, finishing at Mallory Park on Oct. 17.

There are Three Classes -

**Group C** - Is based on standard cars with limited engine tuning and racing on road tyres.

**Group B** - These slick tyred cars have an original body shape with GRP panels and full race engines but with standard stroke crankshafts.

**Group A** - Is based on 'modsport' cars from the 1960's. Engines are full race and can be bored and stroked to 1500cc. Race gearboxes and LSD's are allowed.

Today's Sponsor

Peter May Engineering, a worldwide supplier of specialist parts, has been building and preparing road & track cars for this and other Championships since the early 1970's.

Next Round - Mallory Park - October 17.

# Race 7

## Demon Tweeks/Yokohama Locost Championship

The 750 Motor Club Locost Championship is for cars built to the same basic design and using a standard Ford 1300 cc crossflow engine, gearbox and many other standard components. All cars run with a 'control' camshaft from Kent Cams; modifications are limited to a rebore and basic 'blue-printing'. There is also a 'control' tyre, the Yokohama A539. There is free choice of spring rates and anti-roll bars; dampers must be steel-bodied and single-adjustable.

**Race 8****13 mins + 1 lap****750 MC SAXMAX Championship**

Introduced in 2006, this is the 750 Motor Club's championship for Junior drivers, aged 14 – 17 years. The car chosen is the Citroen Saxo VTR with very strict limitations on tuning and very specific safety features in accordance with MSA and FIA standards. The cars run with a control Piper camshaft, a control ECU and all run on the Yokohama AO21R tyre supplied by George Polley Motorsport.
