

ANGLESEY – CLUB ENDURO OFFICIAL BULLETIN

2 Minutes Silence: There will be a 2 minutes silence at 12.45pm in order to pay our respects following the passing of Her Majesty Queen Elizabeth II.

Team Managers:

In order to make communication easier between race control and teams; especially concerning in-race penalties, we are requesting all teams provide a mobile number (email giles@750mc.co.uk) of a designated representative or team manager who race control can contact via SMS / WhatsApp etc.

Access / Sign-On:

For those of you not racing in Roadsports on Saturday, access to the pit garages will be from approximately 6.00pm on Saturday the 30th of September. Signing On needs to be done electronically in advance of the meeting, please refer to the event Final Instructions for full details on completing the signing on process.

Garages:

Garages have been allocated according to the plan at the end of this document. Please do not bring non-essential vehicles into the area behind the garages. **Note: The allocation has changed since the Final Instructions were published.**

Scrutineering:

This will be done by means of an electronic self-declaration in advance of the meeting. Please refer to the event Final Instructions for full details on how to complete this process.

For those running in relay format, both cars must display the same race number, please also ensure you get the 2nd car in your team noise tested prior to the session. The 2nd car will then proceed as instructed from the assembly area to the pit lane where it can wait until the time for a change over.

Tyres: MOT Motorsport will be on site and can swap and fit tyres for competitors for a small fee.

Qualifying:

Qualifying will be a **30-minute session**; ALL drivers must complete a minimum of 3 laps in this session.

Briefing:

Please read this document carefully and any other relevant briefing notes that are placed on the online event noticeboard: **There will also be a physical driver's briefing at 1pm on Sunday in Garage #8. Please do not bring non-essential people to this briefing.**

Weights:

All cars will need to display a minimum weight decal. These will be placed on cars by members of the 750MC team, with the minimum weight figure having been derived from the known/given power of the vehicle and the class entered. This must be displayed in both qualifying and the race. Failing to adhere to the weight can result in disqualification.

MINIMUM WEIGHT

Decals:

In addition to the Minimum Weight decals (see above) all cars must have the following:

TEGIWA

Club Enduro

Championship

Small 750MC decal to be placed on dashboard in view of in-car camera

Coloured windscreen strip dependent on class (see below)

■ Sunstrip and numberplate positioning **MUST** take priority over any other personal sponsor decals

MANDATORY DECALS 2022

Front / Rear	1 x Class identification (rear)	2 x Club Enduro	2 x Maha
1 x Tegiwa sunstrip	SIDE	2 x Endurance Financial	2 x Jon Elsey Photography
2 x Tegiwa numberplate	2 x 750 Motor Club	2 x Timber Technology	

Please ensure graphics are clearly visible and follow the plan as closely as possible.

■ Sunstrip exception will only be given to cars racing in another 750MC formula on the same race weekend.

Key for Club Enduro class colour coding

ABC

These will be available to collect from Race Admin and will be checked at scrutineering and in parc ferme, cars not displaying the correct stickers after qualifying will be placed at the back of the grid.

Race Start:

The race will be a rolling start. The procedure as shown in the Final Instructions is as follows:

Cars will be pre-gridded in the Assembly Area then released to the grid, where there will be a countdown followed by the start of the Pace Lap. Cars should remain in their correct grid positions throughout the lap and avoid unnecessary weaving.

At the completion of the Pace Lap, if the Clerk of the Course instructs the Pace Car to switch off its lights and enter the pit lane then the pole position car will assume the role of Pace Car until the gantry lights are switched out. This will signify the start of the race. Any cars accelerating or holding back before the start may be penalised for being out of position at the start.

Whilst on the Pace Lap only, the Clerk of the Course may decide that the formation is not satisfactory and may then abort the start by not extinguishing the gantry lights. The Clerk of the Course will then instruct the Pace Car to do a further lap. If after that lap the Clerk of the Course is still not satisfied, the cars must return to the start line behind the Pace Car which will still have its roof lights on. A decision will then be made as to when to attempt a further re-run of the start. The race duration counts down from the time of the first attempted start. Any aborted starts will therefore reduce race duration.

Pitstops:

ALL Teams must make at least **ONE** mandatory 3 minute pitstop during the race.

Teams may not make their mandatory pitstop in either the first 30 minutes of the race or the final 15 minutes.

Any additional pitstops involving refuelling will require a minimum of 3mins stationary, irrespective of whether or not the mandatory 3min stops have already been completed. Other additional stops i.e. for minor maintenance, checks need not be 3mins in duration.

DUE TO THE RESTRICTED NATURE OF THE ANGLESEY PITLANE ALL CARS MUST PARK AT A 45 DEGREE ANGLE WITH THE FRONT OF THE CAR FACING TOWARDS THE PIT GARAGES. THIS APPLIES TO ALL PIT STOPS, ONCE A STOP IS COMPLETE THE CAR MUST BE PUSHED BACK BY TEAM MEMBERS EXERCISING AN APPROPRIATE LEVEL OF CAUTION. DURING THE RACE FAILURE TO ADHERE TO THIS WILL RESULT IN A 1 MINUTE STOP & GO PENALTY FOR EACH OFFENCE.

The speed limit for the Pits is **50kph.....and we do have a Speed Gun!!!**

Contravention of these speed limits will lead to Stop/Go penalties (see Club Enduro regulation 4.2). Any team re-offending may incur further penalties up to and including disqualification from the event. It is not permitted for a car to reverse in the pit lane under its own power. Should any need arise to reverse then the car must be pushed into position. Reversing a car under its own power is considered dangerous and penalties will reflect that.

Pit signalling on the pit wall is limited to two team personnel ONLY. The pit wall is the only place where signalling to drivers is permitted.

Refuelling: ALL TEAMS

The maximum amount of fuel which can be stored in any pit garage is 50 litres and must be stored in AAOil Tuff Jugs (or similar) or FIA Dry Break Refuelling dump churns, in accordance with MOTORSPORT UK Regulation [Q 13.1.3 and

Q 13.1.4]. As a result it is recommended that teams should store their fuel, including fuel in churns ready for refuelling in the paddock and only bring it through the garage to the pitlane just before their pitstop. We would recommend that teams bring their fuel forward from the paddock no more than 2 laps prior to the scheduled stop in question.

The Team shall ensure that throughout the filling of the Tuff Jugs / Dump Churns, one person shall stand with a fire extinguisher at the ready. Any personnel filling the Tuff Jugs or on standby with a fire extinguisher must wear a safety suit in accordance with MOTORSPORT UK Regulation [K 9] and fire resistant balaclava and gloves in accordance with FIA Regulations.

For teams competing in relay format refuelling in the pit lane is not permitted. For those competing with a single car, all refuelling must be done by means of a Tuff Jug fitted with a dry break cap or an FIA dry break refuelling system (no rotary hand pumps or electric pumps)

Refuelling: SINGLE CAR TEAMS

All refuelling in the pitlane must be done in accordance with MOTORSPORT UK Regulations [Q 12]

- a) The driver must be out of the car and the engine must be stopped
- b) No work may be carried out on the car whilst refuelling is taking place
- c) It is recommended that any work is carried out prior to refuelling the car thereby allowing hot areas e.g brakes, to cool before refuelling takes place.
- d) It is recommended that the end of the exhaust and the rear wheel/brake assembly is covered by something fire retardant, especially if it is on the same side or in close proximity to the fuel filler.
- e) The Team shall ensure that throughout refuelling one person shall stand by the car with a fire extinguisher at the ready.
- f) Any personnel refuelling the vehicle or on standby with a fire extinguisher during a pitstop must wear a safety suit in accordance with MOTORSPORT UK Regulation [K 9] and fire resistant balaclava and gloves in accordance with FIA Regulations. Note: This may be one or more of the drivers of the car (outgoing driver preferably) & we recommend that the refuellers eyes are protected with goggles, safety glasses or a helmet with visor.
- g) It is not permitted to use circuit fire extinguishers for refuelling cover purposes. Teams must supply their own extinguishers.
- h) Each car may only take on a maximum of 50 litres of fuel at each pit stop (2.5 x Tuff Jugs) or (2 x ATL FIA Fuel Churns)

Penalties: As follows:

Offence	Qualifying	Race
Excess speed in pitlane	Black Flag	Stop & Go, 2 seconds for each kph over the limit
Overtaking under a yellow flag	Black Flag	Stop & Go for 1 minute
Overtaking under Safety Car conditions	Black Flag	Stop & Go for 1 minute
False start		Stop & Go
Failure to respect starting positions		Stop & Go
Wrong direction in pitlane	Disqualification of Driver	Disqualification of Driver
More than 3 laps under black flag without stopping	Disqualification of Driver	Disqualification of Driver, 2 lap deduction applied to the team at the end of the race
Refuelling in a manner incompatible with general safety, i.e. with a driver still in the car		2 lap deduction to be applied to the team at the end of the race.
Making a mandatory (within the time window) pitstop of less than 3 minutes in duration		Time penalty will be added at the end of the race of 2 minutes plus the balance of the pitstop duration not taken
Not making a mandatory pitstop (within the time window)		5 lap deduction applied at the end of the race.
Not stopping in the pits at 45 degrees and being pushed back when the stop is complete	Black Flag	Stop & Go for 1 minute
"Pro Driver" stop & go penalty of 30 seconds not being taken.		A time penalty of 3 minutes will be added at the end of the race
Relay teams having two cars on track at the same time.	Black Flag	For each lap where two cars are circulating the team will be docked 2 laps
Exceeding track limits	Black Flag after third report	Second report: Black & white warning flag Next Report: Five second time penalty Next report: Ten second time penalty Next Report: Drive Through Penalty Next Report: Black Flag (Disqualification of Driver which may attract licence points)

Teams whose mandatory pitstop is timed at less than 3mins will receive a time penalty. If short stopping the chief timekeeper who is judge of fact regarding pitstops will apply a penalty of the balance of the mandatory pitstop time, plus an additional 2 minutes (see above.)

Success Penalties:

The following teams must take an additional success penalty at the time of their first mandatory pitstop in the race:

Class A: #1 C. Swift / R. Baker + 30secs, #2 J. Ramsden / B. Rushworth + 20secs, #15 C. Gillespie + 10secs.

Class B: #14 C. Freeman + 30secs, #51 L. Handley + 20secs, #13 S. Hewson/M. Faizey + 10secs

Class C: #53 J. Oswick/D. Ausano + 30secs , #66 J.Hayes/P. Subbiani +20secs, #3 N. Dougill/J. Munro + 10secs.

Pit to Car Radio:

For teams using pit to car radio, licences must be in place as per MOTORSPORT UK regulation Q11.3, mobile phones and tablets are not permitted to be carried in car.

Safety Car:

The Safety Car will be brought into operation to neutralise a race upon the sole decision of the Clerk of the Course. On the order from the Clerk of the Course, the Safety Car will join the circuit from the pit lane with its flashing lights on, regardless of where the race leader is. When the order is given to deploy the Safety Car a waved yellow flag and "SC" board will be displayed at the start/finish line. The waved yellow flags and "SC" boards will flow around the circuit in both directions, as an adjacent post displays both their waved yellow flag and "SC" board. Flashing yellow lights may also be used at the startline and at other points around the circuit.

All competing cars, when notified of the Safety Car intervention (by the flag signals, "SC" boards, or by any other means) will reduce speed and line up behind the Safety Car, no more than 5 car lengths apart, and maintaining the same speed as it. Overtaking or overlapping of any other competing car during a Safety Car intervention is forbidden.

Overtaking of a Safety Car is forbidden unless the particular competitor concerned is signalled to overtake the Safety Car by the observer in the Safety Car.

When ordered to do so by the Clerk of the Course, the observer in the Safety Car will wave past any cars between the Safety Car and the race leader. These cars will continue at reduced speed and without overtaking until they reach the line of cars behind the Safety Car.

While the safety car is in operation, competing cars may enter the pit lane, but may only re-join the track when signalled to do so and not when the safety car and the line of cars following it are about to pass or are passing the pit exit. A car re-joining the track must proceed at an appropriate speed until it reaches the end of the line of cars behind the Safety Car. The Safety Car will remain in operation until at least the majority of competing cars on the circuit are lined up behind it.

When the Clerk of the Course calls in the Safety Car it will extinguish the yellow/amber flashing lights prior to exiting the circuit. As the Safety Car is approaching the pit entry, the green flag will be displayed at the start/finish line and the "SC" board withdrawn. Following this display of the start signal yellow flags and "SC" boards at the marshals posts will be withdrawn and be replaced with a waved green flag for one lap. Cars must not overtake until they have passed the start / finish line.

Awards:

Trophies will be awarded to 1st/2nd & 3rd in each class plus 1st, 2nd and 3rd to competitors eligible for the Clubman Cup.

There will be a prize giving in the TWP Racing Garage (#8) approximately 45 minutes after the end of the race..

Garage Allocation:

Garage	SATURDAY	SUNDAY
1	L. Morrell / A. Goord / T. Flemming / P. Brown / M. Grason	S. Parkin / R. Parkin
2		Y. Houffelaar
3	A. Fido / D. Carter / A. Smart / R. Stables	J. Hayes / E. Christie
4		R. Coy
5	R. Wise / I. Charles / J. Griffiths / M. Drew / A. Hicklin	J. Williams
6		D. Trigg
