YEAR OF MANUFACTURE:

The 750 Motor Club regulations for the Historic 750 Formula Series states that cars must be built between 1922 and 1974. Cars built after that date may also qualify but must meet the design and construction parameters of the 1974 regulations, using technology and materials which were readily available in period for club motorsport. Competitors must also ensure their vehicle complies with current Motorsport UK regulations for circuit racing.

Historic Vehicles are defined by Motorsport UK and fall into the different categories outlined below:

- A – Cars built of a specification valid before 1 Jan 1905.
- B – Cars built of a specification valid between 1 Jan 1905 and 31 Dec 1918.
- C – Cars built of a specification valid between 1 Jan 1919 and 31 Dec 1930.
- D – Cars built of a specification valid between 1 Jan 1931 and 31 Dec 1946.
- E – Cars built of a specification valid between 1 Jan 1947 and 31 Dec 1961.
- F – Cars built of a specification valid between 1 Jan 1962 and 31 Dec 1965.
- G – Cars built of a specification valid between 1 Jan 1966 and 31 Dec 1971.
- H – Cars built of a specification valid between 1 Jan 1972 and 31 Dec 1976.

Certain categories of car (as above) are exempt from certain Motorsport UK regulations, one of the purposes of this document is to provide a record of a vehicle's age and specification with these exemptions in mind.
