MEETING PREVIEW | by James Winstanley

As one of three visits to Silverstone in the 2021 season, this weekend's event on the International layout looks set to be a record-breaking event for the Club, showcasing not just 400 race entries, but also a race programme that sees half the formulae with huge, capacity-filling grids.

There is nothing to split the leading pair in the K-Tec Racing Clio 182 Championship after five rounds, where newcomer Jack Dwane and on-off frontrunner Jack Kingsbury sit level in the scores coming in to this event. The ultra-close formula is set to see a new champion in 2021 with previous winners moving on, and although Dwane will be looking for his first victory this weekend, the duo will also have to fend off double Cadwell Park winner Oliver Waind who sits just a few points behind.

It's very nearly as close in the Heritage Parts Centre Formula Vee Championship, with two wins apiece for both 2020 champion James Harridge and 2018 champion Craig Pollard allowing the pair to edge ahead of Danny Hands and Peter Studer in the table; and all races this season so far having showcased some exceptional Vee racing. More single-seater action will be on show in the Swallow Hill Homes F1000 Championship, where finishing the first five races on the podium was sufficient for Elliot Mitchell to take a lead in the standings, despite a less lucrative third event that saw Lee Morgan and Dan Gore close in on points with two wins and two second places respectively.

Fans of bike-engined machinery will also witness the thrilling RLM Racing Bikesports Championship on Saturday, and with defending champion Charles Hall still out of action with repairs to his Spire GT3, the door remains open for various title threats. Former champion Joe Stables heads up Class A in his Radical PR6, but Scott Mittell sits just a few points behind in the family team's impressive Mittell MC41R machine, whilst Leon Morrell leads the Class B standings.

The joined forces of the CALM All Porsche Trophy and the Bernie's Sports Racing & V8s Series will bring a capacity grid of eclectic retro machinery on Sunday – expect to see everything from Corvettes, TVRs and ASCARs doing battle alongside 924s, 944s, 968, Boxsters and Caymans. Look out also for the No.82 Ford Mustang of Peter Hallford, who brings former 750MC SaxMax racer and BTCC ace Josh Cook back to his 750 Motor Club roots some 14 years later this weekend as a second driver.

With the Class A title already secure for defending champions Rob Baker & Carl Swift (Seat Leon) in the Tegiwa Club Enduro Championship, the pressure is on Class B and C frontrunners to secure not only a win but also respective fastest lap points on Sunday to remain in with a chance of the overall title. Luke Handley heads up the B challenge in his VW Golf from teammates Mark Grice & Will Beech, whilst things remain close in C between Alex Miller & John Langridge (Mk3 MX-5) and Civic drivers Jeremy Crook & Alec Livesley.

The Tegiwa Type R Trophy heads up Saturday's racing action, where the season has provided some exceptional racing up and down the field in its first championship year. Adam Shepherd leads the points going into Rounds 7 & 8 this weekend ahead of fellow former Civic Cup champion Lee Deegan, however Deegan will be very keen to make up the points deficit, and the duo can rarely discount consistent frontrunner Luke Rosewell in his first year of tin-top action.

Also campaigning a Civic but on a mixed grid, Alistair Camp tops the table in the overall and Class A standings in the PBS Brakes Hot Hatch Championship, whilst Neil Stringfellow (205 GTi) leads Class B – both will have set their sights on back-to-back overall champion David Drinkwater's title.

With action also including a capacity field for Tegiwa Roadsports on Saturday and close competition in the Toyo Tires MR2 Championships and BMW Car Club Racing Championship, it's set to be one huge weekend of 750 Motor Club racing action. RLM RACING BIKESPORTS CHAMPIONSHIP

Bikesports was introduced in 2005 and caters for 'slicks and wings' sports-racing cars of any make, fitted only with a production four-stroke motorbike engine and gearbox. Classes cater for both tuned and 'standard' specification motorbike engines plus a budget-conscious sub-1000cc powerplant class, and the structure means it is the UK racing home for non-current Radical models.

PBS BRAKES HOT HATCH CHAMPIONSHIP

Now in its fourth championship season following a successful re-introduction in 2016, Hot Hatch picks up where the original incarnation left off in 2009, introducing three power to weight classes to give a level playing field. Forced induction and 4WD are not permitted but regulations otherwise allow for a huge variety of hot hatch machinery, in both front and rear-wheel drive layouts.

K-TEC RACING CLIO 182 CHAMPIONSHIP

This tightly controlled one-make formula for the Renault Clio 182 'Cup' offers some of the closest one-make 'stock hatch' racing available in the UK today, with a huge field of minimally modified, up-to-date hot hatchbacks. Donor cars cost as little as £1000 whilst compliant cars can be built from £5000, and regulations such as limited tyres keep the season budget to a minimum.

TEGIWA CLUB ENDURO CHAMPIONSHIP

The UK's biggest championship returns for another busy year, with full grids of production sports and saloon cars and some incredibly varied machinery. As well as live streamed video coverage, sponsor prize vouchers and driver hospitality, the calendar features another trip to Spa Francorchamps. Cars run in three classes separated by power to weight ratio, with outputs enforced by 750MC's own mobile rolling road.

GET INVOLVED AT THE SHARP END OF MOTORSPORT

As an active alternative to competing, you could become one of the hundreds of hardy souls who clad themselves in orange overalls each weekend, to carry out the variety of jobs essential to the safe running of an event. It's a serious undertaking and can get you very close to the action at times - writes Peter Harding

Course, Incident, Flag, Post Chief, Pits, Paddock, Assembly, Telephone, Race Rescue Unit etc. - all these basically come under the umbrella of marshaling. However, you don't just come along and do whatever job you fancy on the day; there is a lot more to it than that. Those with no experience start as Trainees and will be placed with experienced marshals at whatever position they are allocated. Training days are available, ranging from fire-fighting, incident handling, use and knowledge of the many flags through to, after years of experience, becoming Examining Post Chief or Specialist.

The 750 Motor Club looks after its Marshals, realising only too well that they are all volunteers and

it has a Sponsorship Scheme to assist new marshals to buy the necessary kit (overalls, wet weather gear etc) or to help with their replacement; this funding uniquely comes directly from the 750 Motor Club competitors by way of donations to our Marshals Fund.

With its many race days the 750 Motor Club has lots to offer to both new and experienced Marshals.

For more information about Marshalling, please contact the Club's Chief Marshal: Pete Harding - 07802 505588 or chiefmarshal@750mc.co.uk

The Race Rescue Unit is one of the many Marshaling opportunities available
