MEETING PREVIEW | by James Winstanley

After a tumultuous year for UK motorsport, 750 Motor Club is delighted to finally conclude the 2020 racing season this weekend at the Club's home circuit and competitors' favourite Donington Park, where championships will be decided in seven of the nine formulae in attendance.

No fewer than 16 drivers are within reach of the title in what is sure to be a thrilling climax for the 2020 5Club MX-5 Championship on Sunday, where 30 cars will contest the finale. It is defending champion Ben Hancy who currently heads up the huge points table, however the top three are separated by just five points. Cheshire-based driver Steve Foden arrives at Donington as the closest challenger to Hancy, sitting just one point behind with 202 points up for grabs. Tom Smith is next up after two wins and a second place finish at Mallory Park in October, residing just five points behind Hancy, whilst longstanding MX-5 racing duo Jason and Callum Greatrex remain ones to watch.

Two impressive victories at a sodden Oulton Park in October helped Aaron Cooke to the top of the Toyo Tires MR2 Championship points in his MK2, but with multiple and defending champion Shaun Traynor still very much in contention behind having made the switch to a Mk3 for the 2020 season, it is sure to be another fine finale for this longstanding championship.

Having taken his maiden car racing victory at Brands Hatch, these last two outings of the season offer one last chance for Scott Edgar to make up the points deficit to defending K-Tec Racing Clio 182 Champion Ryan Polley in the ultra-close French hatchback formula. Edgar might have only taken one win to Polley's six, but has barely left the podium all year with sure-fire consistency and reliability, so this title battle is far from over in what are highly likely to be tricky December track conditions.

Seat Leon duo and former Civic champions Rob Baker and Carl Swift look set to wrap up the Class A Tegiwa Club Enduro Championship, however there remains plenty to play for in the other two mixed sports and saloon car classes – not to mention the overall title. VW Golf GTi driver Luke Handley tops the Class B points yet four teams remain in the mix, whilst a trio of Mazda MX-5s headed up by James/Darren Kell will be ready to do battle with Civic driver Andy Baylie in Class C.

It all looks set for a new name to grace the Roll of Honour in the Demon Tweeks | Yokohama Locost Championship, as Murray Shepherd, Craig Land and Geoff Peek will do battle in what will undoubtedly be a close finale for the evergreen Seven-esque sportscar formula. Shepherd has proved to be the driver to beat in wet conditions this year – something which may bode well for a December race meeting - yet there's no such thing as a foregone conclusion in Locost competition.

Defending overall champion David Drinkwater almost has another Class C title in the bag in the PBS Brakes Hot Hatch Championship, but with a three-way EP3 Honda Civic showdown set for Class B this weekend between Phil Wright, Tony Perfect and Ian Williamson, the overall title is still very much up for grabs between all the Class B and C title contenders. Look out also for a grid of Tegiwa Type R Trophy cars, with a final outing of the season before the burgeoning series returns with significant number of newcomers and 2021 championship status.

Expect to see the usual wild array of production sports and saloons take to the track for the final Tegiwa Roadsports outing of 2020, and this meeting will also see no fewer than three class titles and one overall championship decided in the well-subscribed BMW Car Club Racing Championship.

Graham Crowhurst will be looking to defend his M2 Class title against omnipresent 750MC frontrunner Paul Cook; the pair separated by just a single point in their E46 M3s and sitting second and third in the overall championship. Meanwhile in Class 6, E46 325ti Compact driver Kevin Denwood holds a strong points lead coming into the final weekend ahead of Dan Harborow, Paul Travers, Cavan Grainger and Shaun Jackson, whilst in BMW Cup, Clive Watson, Karl McMillan and Paul Laramy look set to do battle for the final class title.

K-TEC RACING CLIO 182 CHAMPIONSHIP

This tightly controlled one-make formula for the Renault Clio 182 'Cup' offers some of the closest one-make 'stock hatch' racing available in the UK today, with a huge field of minimally modified, up-to-date hot hatchbacks. Donor cars cost as little as £1000 whilst compliant cars can be built from £5000, and regulations such as limited tyres keep the season budget to a minimum.

PBS BRAKES HOT HATCH CHAMPIONSHIP

Now in its fourth championship season following a successful re-introduction in 2016, Hot Hatch picks up where the original incarnation left off in 2009, introducing three power to weight classes to give a level playing field. Forced induction and 4WD are not permitted but regulations otherwise allow for a huge variety of hot hatch machinery, in both front and rear-wheel drive layouts.

TEGIWA ROADSPORTS SERIES

Roadsports is the eternally popular mini-endurance series for production sports and saloon cars. The formula is designed to offer competitors freedom in tuning with four classes catering for different power to weight ratios, and a 45-minute race duration with compulsory pitstop means that a driver and car change is optional to further reduce the cost of racing.

5CLUB MX5 CUP

From the original architect of MX-5 racing in Europe; this tightly-controlled one-make championship for the Mk1 roadster puts the focus on driver ability and is as competitive as it is great value; with fixed fee triple-header meetings throughout 2018. Many successful drivers have used the formula to hone their skills before stepping up to victories elsewhere, and regulation compliant cars can be bought for less than £5000.

GET INVOLVED AT THE SHARP END OF MOTORSPORT

As an active alternative to competing, you could become one of the hundreds of hardy souls who clad themselves in orange overalls each weekend, to carry out the variety of jobs essential to the safe running of an event. It's a serious undertaking and can get you very close to the action at times - writes Peter Harding

Course, Incident, Flag, Post Chief, Pits, Paddock, Assembly, Telephone, Race Rescue Unit etc. - all these basically come under the umbrella of marshaling. However, you don't just come along and do whatever job you fancy on the day; there is a lot more to it than that. Those with no experience start as Trainees and will be placed with experienced marshals at whatever position they are allocated. Training days are available, ranging from fire-fighting, incident handling, use and knowledge of the many flags through to, after years of experience, becoming Examining Post Chief or Specialist.

The 750 Motor Club looks after its Marshals, realising only too well that they are all volunteers and

it has a Sponsorship Scheme to assist new marshals to buy the necessary kit (overalls, wet weather gear etc) or to help with their replacement; this funding uniquely comes directly from the 750 Motor Club competitors by way of donations to our Marshals Fund.

With its many race days the 750 Motor Club has lots to offer to both new and experienced Marshals.

For more information about Marshalling, please contact the Club's Chief Marshal:
Pete Harding - 07802 505588 or
chiefmarshal@750mc.co.uk

The Race Rescue Unit is one of the many Marshaling opportunities available
