MEETING PREVIEW | by James Winstanley

The 750 Motor Club's mid-season trip to Silverstone International often marks a crucial point of the season for many championships. Things are different in 2020, where this August event showcases the opening races of the season for the Tegiwa Roadports Series, the Swallow Hill Homes F1000 Championship, and the Tegiwa Club Enduro Championship. All bring a remarkable turnout this weekend; with both Roadports and Club Enduro filling the significant International layout's grid capacity.

After going down to the final round in 2019, solo racer Steve Cheetham secured a hard-fought Class B and overall championship title in his Porsche Boxster. The Manchester-based driver and his family-based Lodge Sports Racing team return in 2020 to defend the overall championship, but after engine upgrades over winter it'll now be Class A with which he aims to accrue the points. Expect to see 2019 title protagonists and FWD specialists Rob Baker/Carl Swift gunning for overall wins in the Area Motorsport Seat Leon, whilst former Lotus champion and 750MC newcomer Alex Ball may well be one to watch in the BSCS Elise.

Plenty of new names grace the Tegiwa Roadports entry list across four power to weight classes, with a huge variety of machinery on track, from Neil Primrose's heavily upgraded Ginetta G20, to Caterhams and various Porsche models, David Shead's M3-engined BMW Compact, and a first outing for the Audis of Nick Gough and Nick Vaughan. Keep an eye out for former PBMW champion and Mazda RX-8 Club Enduro frontrunner Liam Crilly debuting his new BMW Z4 Coupe, and the return of VLN and ROC star Bradley Philpot to 750 Motor Club in a Lotus Elise, 13 years after starting his car racing career with the Club.

The Swallow Hill Homes F1000 Championship joined 750MC in 2019 and as the formula's 24th season commences this weekend, the grids have truly flourished for the premier bike-engined single seater category in the UK. An impressive 25 entries for this triple-header include defending champion Matthew Booth, who stepped up to single seaters in 2019 from 750MC Sport Specials, and went on to secure the rare feat of clinching an F1000 title in his first season, running as a father and son privateer team. With 2019 rivals Dan Clowes, Lee Morgan and Dan Gore all here this weekend, points hauls from all three races will be crucial in the shortened 2020 season.

Another bike-engined category boasting impressive numbers is the RLM Racing Bikesports Championship, at the time of writing featuring an impressive and record-breaking 32 car entry. Reigning Class A champion Josh Smith (Radical PR6) has returned to defend his title along with a number of fellow drivers under his RJ Motorsport banner, whilst overall 2019 champion Joe Stables is back for this Silverstone weekend. Following a dominant performance in Class C last year - during which he was challenging for and achieving overall race wins - Scott Mittell has made the switch to Class A for 2020, in a bid to fight for overall title honours in his Mittell MC-41R.

Two wins in the opening races of the season saw MX-5 specialist and former champion Ben Short head straight back to the top of the table in the 5Club Championship, whilst it was 2019 title protagonist Aaron Cooke who came away from the same Snetterton opener topping the Toyo Tires MR2 Championship table, ahead of multiple former champion Shaun Traynor in his new Mk3 machine.

With double-header outings from the Zamp Helmets Sports 1000 Championship, Raceparts 750 Formula, Yokohama Ma7da Series, PBS Brakes Hot Hatch and Protech Shocks Sport Specials, it is set to be another action-packed meeting at this popular circuit.

PBS BRAKES HOT HATCH CHAMPIONSHIP

Now in its fourth championship season following a successful re-introduction in 2016, Hot Hatch picks up where the original incarnation left off in 2009, introducing three power to weight classes to give a level playing field. Forced induction and 4WD are not permitted but regulations otherwise allow for a huge variety of hot hatch machinery, in both front and rear-wheel drive layouts.

YOKOHAMA MA7DA SERIES

Introduced in 2019, the Yokohama Ma7da Series is an offshoot of the eternally popular Locost Championship. Ma7da offers the same ultra-close slipstreaming race action and affordable costs, but with increased performance via a Mazda MX-5 1.8 VVT donor powertrain and more track-focused Yokohama A048 tyres. The rapidly-growing formula is ideal for those drivers looking for a step up in power or maximum performance per pound from any kit-type race car.

RLM RACING BIKESPORTS CHAMPIONSHIP

Bikesports was introduced in 2005 and caters for 'slicks and wings' sports-racing cars of any make, fitted only with a production four-stroke motorbike engine and gearbox. Classes cater for both tuned and 'standard' specification motorbike engines plus a budget-conscious sub-1000cc powerplant class, and the structure means it is the UK racing home for non-current Radical models.

5CLUB MX5 CUP

From the original architect of MX-5 racing in Europe; this tightly-controlled one-make championship for the Mk1 roadster puts the focus on driver ability and is as competitive as it is great value; with fixed fee triple-header meetings throughout 2018. Many successful drivers have used the formula to hone their skills before stepping up to victories elsewhere, and regulation compliant cars can be bought for less than £5000.

RACEPARTS 750 FORMULA CHAMPIONSHIP

First introduced in 1949 by the 750 Motor Club, 750 Formula is the longest continually running race formula in the world. The regulations provide ample scope for the amateur to design and build their own car from scratch as well as develop skills in chassis and suspension setup. All cars use a mildly tuned and very affordable 1108cc Fiat FIRE engine and run on Yokohama slick tyres.

TEGIWA CLUB ENDURO CHAMPIONSHIP

The UK's biggest championship returns for another busy year, with full grids of production sports and saloon cars and some incredibly varied machinery. As well as live streamed video coverage, sponsor prize vouchers and driver hospitality, the calendar features another trip to Spa Francorchamps. Cars run in three classes separated by power to weight ratio, with outputs enforced by 750MC's own mobile rolling road.

GET INVOLVED AT THE SHARP END OF MOTORSPORT

As an active alternative to competing, you could become one of the hundreds of hardy souls who clad themselves in orange overalls each weekend, to carry out the variety of jobs essential to the safe running of an event. It's a serious undertaking and can get you very close to the action at times - writes Peter Harding

Course, Incident, Flag, Post Chief, Pits, Paddock, Assembly, Telephone, Race Rescue Unit etc. - all these basically come under the umbrella of marshaling. However, you don't just come along and do whatever job you fancy on the day; there is a lot more to it than that. Those with no experience start as Trainees and will be placed with experienced marshals at whatever position they are allocated. Training days are available, ranging from fire-fighting, incident handling, use and knowledge of the many flags through to, after years of experience, becoming Examining Post Chief or Specialist.

The 750 Motor Club looks after its Marshals, realising only too well that they are all volunteers and

it has a Sponsorship Scheme to assist new marshals to buy the necessary kit (overalls, wet weather gear etc) or to help with their replacement; this funding uniquely comes directly from the 750 Motor Club competitors by way of donations to our Marshals Fund.

With its many race days the 750 Motor Club has lots to offer to both new and experienced Marshals.

For more information about Marshalling, please contact the Club's Chief Marshal:
Pete Harding - 07802 505588 or
chiefmarshal@750mc.co.uk

The Race Rescue Unit is one of the many Marshaling opportunities available
