## MEETING PREVIEW | by James Winstanley

In the last few seasons, an autumnal October visit to Snetterton's 300 circuit has tended to mark a weekend of championship finals action; rounding out the year's racing for various 750 Motor Club formulae. On the third visit to the popular Norfolk circuit for the Club in 2020 however, only ZAMP Helmets Sports 1000, RLM Racing Bikesports and Raceparts 750 Formula will see a champion crowned at the end of the weekend, whilst events at Silverstone National and Donington Park next month will round out proceedings in this unusual racing season.

The Raceparts-back Historic 750 Formula Series will conclude its 2020 series of races this weekend, and kicks off the timetable here on Saturday with a 'Scratch' race that will be followed by an exciting 'handicap' race later in the day, where various new drivers are set to join the burgeoning Austin Seven class for this weekend's action. Championship stalwart Peter Bove (Darvi Mk4/5) comes into the final weekend for 750 Formula with a useful margin at the top of the points table, however he'll need to ensure solid points in the bag at Snetterton to fend off a duo of champions – both Mark Glover (Racekits Falcon) and Chris Gough (CGR Evo2) are within reach behind.

It's still all to play for in the RLM Racing Bikesports Championship; Charles Hall heads up Class A ahead of Martin Brooks whilst Michael Chen tops Class B ahead of Richard Wells. Look out also for a couple of drivers making their first 2020 appearance in the formula – RLM boss Richard Webb in Leon Morrell's Radical SR3, and former Bikesports racer Richard Wise making a welcome reappearance in Team Mittell's impressive central-seat MC-41R.

Expect a thrilling finale to the ZAMP Helmets Sports 1000 Championship across the weekend, where a Spire Sportscars showdown between Richard Morris and Ryan Yarrow looks set to hand one of the relative formula newcomers the 2020 title. The pair have shared the six victories on offer this season equally between them, whilst behind there is a Mittell MC-53 battle between Sports 1000 rookies Victor Neumann and Michael Roots to be next in line in the final points tally.

Completing the bike-engine power at this meeting, the Swallow Hill Homes F1000 Championship this year sees Dan Clowes heading up the points coming into the penultimate meeting of the year, ahead of an impressive season so far for novice Jack Tomalin. Clowes took one of the victories on offer for the championship's visit to Snetterton 300 last year, but don't discount defending champion Matthew Booth or returnee Rob Welham in this weekend's three outings.

It's tight at the top of the table in the BMW Car Club Racing Championship, where despite ending one of his home races at Brands Hatch on his side in the gravel after a gentle Paddock Hill excursion, it is Class 6 driver Kevin Denwood (E46 325ti Compact) who tops the overall table as well as in class before drop scores are taken into account. Class M2 trio Steven Schweikhardt, Graham Crowhurst and Paul Cook fill the next three places whilst Clive Watson and Michael Pensavalle lead the Cup and M1 classes respectively.

The sole BMW in the PBS Brakes Hot Hatch Championship also heads up the points; where E36 Compact driver David Drinkwater looks in a strong position to defend his 2019 championship title in his modest Class C machine and after four wins so far this year. He'll need to be mindful of Class B leader Phil Wright (Civic EP3) and Class A's Gary Prebble (Civic EG) not to mention possible wet weather that favours his front-wheel-drive rivals, as the championship heads to a questionably dry November conclusion at Silverstone.

Rob Baker and Carl Swift (Seat Leon Eurocup) head up the Class A points in the TEGIWA Club Enduro Championship, however with an identical win and second place so far this season the overall title points are shared with their Area Motorsport team-mate and Class C leader Andy Baylie (Honda Civic EP3 Type R). Class B sees a three-way tie so far on points; with Colin Gillespie (BMW 135i) and his ML Motorsport team equalling Area's Luke Handley (VW Golf) and Chris Freeman/Jonathan Munday (Civic EP3).

Expect to see some of the Enduro cars out for Saturdays TEGIWA Roadsports Series race as well; with a 45-minute outing and a capacity grid of mixed sports and saloon cars. Former PBMW champion Liam Crilly was straight to the top step of the Class B podium when he debuted his BMW Z4 Coupe last time out in Roadsports at Silverstone, and look out also for the return of Class A's David Gardner/Chris Mills and Farard Darver in their BMW M3s.

## RACEPARTS HISTORIC 750 FORMULA

H750F is the single most cost-effective route into historic circuit racing in the UK and was re-branded last year to celebrate its ties with the longest running and one of the most significant race formulae in the world. The series caters for Austin Seven Specials and Reliant-engined cars that used to run in 750 Formula in period, as well as other small capacity race cars and new cars built to very strict guidelines.

## RLM RACING BIKESPORTS CHAMPIONSHIP

Bikesports was introduced in 2005 and caters for 'slicks and wings' sports-racing cars of any make, fitted only with a production four-stroke motorbike engine and gearbox. Classes cater for both tuned and 'standard' specification motorbike engines plus a budget-conscious sub-1000cc powerplant class, and the structure means it is the UK racing home for non-current Radical models.

## PBS BRAKES HOT HATCH CHAMPIONSHIP

Now in its fourth championship season following a successful re-introduction in 2016, Hot Hatch picks up where the original incarnation left off in 2009, introducing three power to weight classes to give a level playing field. Forced induction and 4WD are not permitted but regulations otherwise allow for a huge variety of hot hatch machinery, in both front and rear-wheel drive layouts.

## ZAMP HELMETS SPORTS 1000 CHAMPIONSHIP

Sports 1000 reflects what this formula has evolved into from its original 2001 'Roadgoing Bike-Engine'd roots. Namely; 'Motorsport's Most Affordable Sports-Racing Car Championship'. Utilising standard 1000cc motorbike engines and running cost-effective semi-slick tyres, it is the ultimate go-to formula for those seeking as much performance as possible per pound, with BTCC-beating lap times.

## TEGIWA ROADSPORTS SERIES

Roadsports is the eternally popular mini-endurance series for production sports and saloon cars. The formula is designed to offer competitors freedom in tuning with four classes catering for different power to weight ratios, and a 45-minute race duration with compulsory pitstop means that a driver and car change is optional to further reduce the cost of racing.

## RACEPARTS 750 FORMULA CHAMPIONSHIP

First introduced in 1949 by the 750 Motor Club, 750 Formula is the longest continually running race formula in the world. The regulations provide ample scope for the amateur to design and build their own car from scratch as well as develop skills in chassis and suspension setup. All cars use a mildly tuned and very affordable 1108cc Fiat FIRE engine and run on Yokohama slick tyres.

# TEGIWA CLUB ENDURO CHAMPIONSHIP

The UK's biggest championship returns for another busy year, with full grids of production sports and saloon cars and some incredibly varied machinery. As well as live streamed video coverage, sponsor prize vouchers and driver hospitality, the calendar features another trip to Spa Francorchamps. Cars run in three classes separated by power to weight ratio, with outputs enforced by 750MC's own mobile rolling road.

## GET INVOLVED AT THE SHARP END OF MOTORSPORT

As an active alternative to competing, you could become one of the hundreds of hardy souls who clad themselves in orange overalls each weekend, to carry out the variety of jobs essential to the safe running of an event. It's a serious undertaking and can get you very close to the action at times - writes Peter Harding

Course, Incident, Flag, Post Chief, Pits, Paddock, Assembly, Telephone, Race Rescue Unit etc. - all these basically come under the umbrella of marshaling. However, you don't just come along and do whatever job you fancy on the day; there is a lot more to it than that. Those with no experience start as Trainees and will be placed with experienced marshals at whatever position they are allocated. Training days are available, ranging from fire-fighting, incident handling, use and knowledge of the many flags through to, after years of experience, becoming Examining Post Chief or Specialist.

The 750 Motor Club looks after its Marshals, realising only too well that they are all volunteers and

it has a Sponsorship Scheme to assist new marshals to buy the necessary kit (overalls, wet weather gear etc) or to help with their replacement; this funding uniquely comes directly from the 750 Motor Club competitors by way of donations to our Marshals Fund.

With its many race days the 750 Motor Club has lots to offer to both new and experienced Marshals.

For more information about Marshalling, please contact the Club's Chief Marshal:  
Pete Harding - 07802 505588 or  
chiefmarshal@750mc.co.uk

The Race Rescue Unit is one of the many Marshaling opportunities available
