MEETING PREVIEW | by James Winstanley

This weekend marks the second visit of the 2021 season for 750 Motor Club to Donington Park, with a two-day event on the National Circuit where no fewer than 12 formulae will take to the circuit typically voted as the UK's competitor favourite. The PBS Brakes Hot Hatch Championship brings a full 40 car grid this weekend, where two-time champion David Drinkwater will be looking to continue his 2021 campaign for a third Class C and overall title. This year the Hampshire-based driver sees new competition from Junior Saloon Car Championship graduate Olivia Martin in a similar E36 BMW Compact; whilst in Class A it is longstanding Hot Hatch racer Ali Camp who leads the way in the points, and newcomer Andrew Ashton in Class B in a lesser-spotted Rover 216 GTi.

The Toyo Tires MR2 Championship will also bring a full grid of the Japanese sportscars to Donington, and the battle upfront looks set to continue between defending champion Aaron Cooke, and multiple title winner Shaun Traynor. Both have recently swapped to Mk3 machines, but don't discount longstanding protagonist Paul Cook in his frontrunning Mk2. Cook will also contest the BMW Car Club Championship this weekend alongside MR2 commitments; the Oxfordshire-based bodyshop owner having stepped up to the quickest M1 Class for this season in his E46 after taking the 2020 Class M2 title. It is however Niall Bradley who currently occupies M1 top spot after outings at Silverstone and Castle Combe, whilst Wayne Lewis impressed in the early season and leads M2. In Class 6, former BMW and Ginetta racer Ben Pearson has made a racing return to lead the points in his 330ci, ahead of E30 driver Dan Harborow.

Also in BMW action this weekend is the popular GAZ Shocks-based 116 Trophy; which brings another 30+ car grid for the second event of the season, with a 90-minute endurance race for one, two or three drivers. The 2021 season opener at Silverstone in April proved to be a thriller from start to finish, with former Locost champion Mark Burton going head-to-head with fellow 116 Trophy debutant Simon Walker-Hansell for the duration, separated by just a few seconds at the flag.

The Swallow Hill Homes F1000 Championship brings one of their largest grids of the superbike-engined single-seaters to this meeting in the recent era, where it is Elliot Mitchell who currently tops the points after three races so far this year. The Humberside-based driver claimed one of each podium places in the Silverstone triple-header, and leads 2019 champion Matthew Booth by nine points, with Dan Gore a few behind.

The Raceparts 750 Formula Championship is another formula that draws a strong grid this weekend, with newcomers joining a field that includes no fewer than eight former champions. Donington sees the return of 2017 winner Bill Cowley in the MkIV Cowley machine originally built and campaigned by his grandfather, whilst newcomers include former Historic 750 Formula frontrunner and hillclimb ace Simon Boulter in the ex-Peter Bove Darvi. Barry McMahon leads the way in both the Modified Class and overall championship standings in the Hitek Alfa Romeo Championship, after taking pole and two wins at Silverstone last month in his 156. He is trailed by current Power Trophy Class leader George Osborne, then James Ford who leads the Twin Spark Class standings.

The K-Tec Racing Clio 182 Championship is set to see a new champion in 2021, after two-time champion Ryan Polley moved on to Hot Hatch, and neither former champions Patrick Fletcher or James Bark will contest 2021. Scott Edgar finished as 2020 runner-up, but it was Oliver Waind who starred at the Cadwell Park opener, taking two wins from two ahead of Jack Dwane and Edgar. Former Locost champion Danny Andrew made the most of the inaugural rounds of the Yokohama Ma7da Championship at Silverstone last month, taking two wins to lead the standings and ahead of Ben Powney and David Mason coming into this second event.

Longstanding Protech Shocks Sport Specials protagonist Anton Landon made a good start to his 2021 Class A title campaign at Silverstone in his Cyana Mk2, but it is Class B points leader Steve Wells (SEWC SubZero) who leads overall, having taken two wins and fastest laps. Finally, look out for an impressive showing from the ever-growing Raceparts Historic 750 Formula Series, with a near-capacity grid of earlier 750 Formula cars in both Reliant and Austin-powered form, as well as other small capacity racers.

YOKOHAMA MA7DA CHAMPIONSHIP

Introduced in 2019, the Yokohama Ma7da Series is an offshoot of the eternally popular Locost Championship. Ma7da offers the same ultra-close slipstreaming race action and affordable costs, but with increased performance via a Mazda MX-5 1.8 VVT donor powertrain and more track-focused Yokohama A048 tyres. The rapidly-growing formula is ideal for those drivers looking for a step up in power or maximum performance per pound from any kit-type race car.

PBS BRAKES HOT HATCH CHAMPIONSHIP

Now in its fourth championship season following a successful re-introduction in 2016, Hot Hatch picks up where the original incarnation left off in 2009, introducing three power to weight classes to give a level playing field. Forced induction and 4WD are not permitted but regulations otherwise allow for a huge variety of hot hatch machinery, in both front and rear-wheel drive layouts.

DEMON TWEETS | YOKOHAMA CLASSIC STOCK HATCH CHAMPIONSHIP

Arguably the formula that defines UK club motorsport to many; Classic Stock Hatch is the affordable and eternally popular formula for fans of retro hot hatches. Any pre-1992 hatchback with a sub-1400cc 16V or sub-1600 8V engine is eligible, whilst Yokohama control tyres, regulated minimum weights and success ballast for podium finishers keep the field incredibly close.

K-TEC RACING CLIO 182 CHAMPIONSHIP

This tightly controlled one-make formula for the Renault Clio 182 'Cup' offers some of the closest one-make 'stock hatch' racing available in the UK today, with a huge field of minimally modified, up-to-date hot hatchbacks. Donor cars cost as little as £1000 whilst compliant cars can be built from £5000, and regulations such as limited tyres keep the season budget to a minimum.

BMWCCR CHAMPIONSHIP

Introduced in 2018, BMW CCR is the club-level race formula re-launched by the only officially recognised BMW Car Club in the UK, including the one-make E46 BMWcup as part of a five-class offering for both 'M' and 'non-M' models. Running as a Motorsport UK Championship since 2019, the formula has attracted huge grids right from the word go.

GET INVOLVED AT THE SHARP END OF MOTORSPORT

As an active alternative to competing, you could become one of the hundreds of hardy souls who clad themselves in orange overalls each weekend, to carry out the variety of jobs essential to the safe running of an event. It's a serious undertaking and can get you very close to the action at times - writes Peter Harding

Course, Incident, Flag, Post Chief, Pits, Paddock, Assembly, Telephone, Race Rescue Unit etc. - all these basically come under the umbrella of marshaling. However, you don't just come along and do whatever job you fancy on the day; there is a lot more to it than that. Those with no experience start as Trainees and will be placed with experienced marshals at whatever position they are allocated. Training days are available, ranging from fire-fighting, incident handling, use and knowledge of the many flags through to, after years of experience, becoming Examining Post Chief or Specialist.

The 750 Motor Club looks after its Marshals, realising only too well that they are all volunteers and

it has a Sponsorship Scheme to assist new marshals to buy the necessary kit (overalls, wet weather gear etc) or to help with their replacement; this funding uniquely comes directly from the 750 Motor Club competitors by way of donations to our Marshals Fund.

With its many race days the 750 Motor Club has lots to offer to both new and experienced Marshals.

For more information about Marshalling, please contact the Club's Chief Marshal:
Pete Harding - 07802 505588 or
chiefmarshal@750mc.co.uk

The Race Rescue Unit is one of the many Marshaling opportunities available
