## CHAMPIONSHIP

A new development after seven years saw Clio 197/200 models join the 182 models in one of 750MC's closest championships. The later generation cars run in a different class to the 182s, however all cars compete for the overall championship title.

Introduced in 2019, the Yokohama Ma7da Championship is an offshoot of the eternally popular Locost Championship. Ma7da offers the same ultra-close slipstreaming race action and affordable costs, but with increased performance via a Mazda MX-5 1.8 VVT donor powertrain and more track-focused Toyo R888R tyres. The rapidly-growing formula is ideal for those drivers looking for a step up in power or maximum performance per pound from any kit-type race car.

# NANKANG TYRE SPORTS 1000

## CHAMPIONSHIP

Sports 1000 reflects what this formula has evolved into from its original 2001 'Roadgoing Bike-Engine'd roots. Namely, 'Motorsport's Most Affordable Sports-Racing Car Championship'. Utilising standard 1000cc motorbike engines and running cost-effective semi-slick tyres, it is the ultimate go-to formula for those seeking as much performance as possible per pound, with BTCC-beating laptimes.

SUSTAIN FUELS

Having celebrated its 50th Anniversary in 2017, Formula Vee is regularly proven to be the most cost-effective route into single-seater racing, especially at its longstanding home with the 750 Motor Club. The engine, gearbox and running gear is sourced from a VW Beetle, meaning that running costs remain low and aftermarket spares availability is unrivalled, whilst Hoosier control tyres and half a century of regulation refinement places the emphasis firmly on driver ability.

## CHAMPIONSHIP

A championship for the for time in 2025, Roadsports is the eternally popular mini-endurance formula for production sports and saloon cars. The formula is designed to offer competitors freedom in tuning with four classes catering for different power to weight ratios, and a 45-minute race duration with compulsory pitstop means that a driver and car change is optional to further reduce the cost of racing.

# GET INVOLVED AT THE SHARP END OF MOTORSPORT

As an active alternative to competing, you could become one of the hundreds of hardy souls who clad themselves in orange overalls each weekend, to carry out the variety of jobs essential to the safe running of an event. It's a serious undertaking and can get you very close to the action at times - writes Peter Harding

Course, Incident, Flag, Post Chief, Pits, Paddock, Assembly, Telephone, Race Rescue Unit etc. - all these basically come under the umbrella of marshaling. However, you don't just come along and do whatever job you fancy on the day; there is a lot more to it than that. Those with no experience start as Trainees and will be placed with experienced marshals at whatever position they are allocated. Training days are available, ranging from fire-fighting, incident handling, use and knowledge of the many flags through to, after years of experience, becoming Examining Post Chief or Specialist.

The 750 Motor Club looks after its Marshals, realising only too well that they are all volunteers and

it has a Sponsorship Scheme to assist new marshals to buy the necessary kit (overalls, wet weather gear etc) or to help with their replacement; this funding uniquely comes directly from the 750 Motor Club competitors by way of donations to our Marshals Fund.

With its many race days the 750 Motor Club has lots to offer to both new and experienced Marshals.

For more information about Marshalling, please contact the Club's Chief Marshal:  
Pete Harding - 07802 505588 or  
[chiefmarshal@750mc.co.uk](mailto:chiefmarshal@750mc.co.uk)

The Race Rescue Unit is one of the many Marshaling opportunities available
