Race Start:

The race will be a rolling start with the green flag lap starting from the assembly area.

Pitstops:

After 15 minutes a "PIT OPEN" board will be displayed at the start finish line, this will be shown for 3 laps.

After this teams will be permitted to make their mandatory stops and driver changes (if required.)

**PIT
OPEN**

**PIT
CLOSED**

After 75 minutes a “PIT CLOSED” board will be displayed.

ALL TEAMS must make TWO mandatory 90 second pitstops during the pitstop window (see above). We have allowed an additional 30 seconds on top of the usual 60 seconds to allow for the sanitization of the common touch areas of the vehicle (such as the steering wheel, gear lever and switch gear.) **In line with the latest Motorsport UK guidance, during pitstops, all crew must wear face coverings.**

Timing of the stop will commence when the car is stationary. Any car being released before the 90 second duration has elapsed will incur a stop-go penalty equal to the time the pitstop was short multiplied by 2, for example an 80 second pitstop will incur a stop and go penalty of 20 seconds.

Teams taking pitstops outside of the pit window will receive a one lap penalty.

Additional stops such as those for minor maintenance etc, need NOT be 90 seconds in duration.

Refuelling is PROHIBITED at any point in the race. Engines may remain on during the pitstop.

It is not permitted for any car to reverse in the pitlane under its own power, should any need arise then the car must be pushed backwards into position. Reversing a car under its own power is considered dangerous and penalties will reflect this.

The pitlane speed limit will be 60 km/h (38mph) We do have the ability to check pitlane speed. The penalty for excessive speed will be a “stop and go” penalty equal to 2 seconds per km/h over speed limit
