

CIRCUIT SPECIFIC NOTES

Circuit Length

This race meeting will be held on the International circuit at Oulton Park; 2.69 miles in length.

Specific things to look out for at this circuit

The exit of the first corner (Old Hall) is unsighted. Running wide here, especially on a race start, can result in your car changing direction and moving backwards towards the circuit.

Assembly Area

The Assembly area is located towards the end of the Pit Lane

For races - the lap from the Assembly Area to the Grid constitutes the Green Flag Lap from which cars will be released in grid order.

Leaving the circuit

Leaving the circuit at the end of Qualifying/Race, continue for one full lap then having taken the corner at Lodge, exit the circuit into the pit lane at Deer Leap. It is quite a sharp right turn into parc ferme at Deer Leap so beware of queue in of stationary vehicles.

Passing the chequered flag more than once may result in a penalty and wastes valuable track time.

Parc Ferme

Parc Ferme is located prior to the entrance to the Pits

At the end of your track session, you will be directed into Parc Ferme where some cars may be selected by the scrutineers for checks.

Recoveries

Live Recoveries – are not used at Oulton Park.

Track Limits

Track Limits - are monitored at Oulton Park by camera systems and by Judges of Fact.

Safety Car

Safety Car – If used in qualifying or racing; it will be released from the end the pit lane. It will leave the circuit into the pit lane entrance.
