Drivers Briefing Notes

Anglesey Coastal 6th September 2020

To: All Competitors.

These notes replace the face to face briefings you would normally have at a race meeting. Please read them carefully and ACT on them!

This race meeting will be held on the International circuit at Anglesey Trac Mon Coastal circuit; 1.55 miles in length.

As you know much has changed in recent months, and you will continue to see changes in the way we operate. Motorsport UK, the 750 Motor Club, Meeting Officials and Volunteers have all done a huge amount of work to make this event happen and now you must play your part in making weekend a success.

You will already know that you must "sign-on" electronically and that you must confirm that your car and personal race equipment meet general Motorsport UK requirements and your Championship/Series regulations.

Please ensure you bring enough PPE (masks, gloves etc) with you for both yourself and any helpers to last the duration of the event.

When you arrive in the paddock park in the correct area according to the paddock plan on the Final Instructions. Please make sure you always observe social distancing rules, a COVID 19 officer will be on site and checking rules are being adhered to.

As there is no signing-on or scrutineering your first activity will be to go to the assembly area before your qualifying session. There WILL still be noise testing so be sure to be there in good time and follow the instructions of the scrutineer conducting the test.

Once in the Assembly Area we recommend that you stay in your car.

If you do have to stop during qualifying (or the race) please try to get your car to a safe place.

Once stationary you will be approached by a marshal if you are OK give him a clear THUMBS UP. If you do not do this it will be assumed, you need assistance and the session or race will be interrupted to send emergency assistance.

After giving the THUMBS UP signal, promptly do as the marshal asks.

To assist with this, we will have a safety car available for ALL practice /qualifying sessions and races so make yourself familiar with the procedures for this in the Motorsport UK yearbook.

Particularly remember that when a safety car period ends you must NOT overtake until you cross the timing line.

Please see CIRCUIT SPECIFIC & GENERAL NOTES for further information on Qualifying and Race

After the race there will be no podium/award ceremony due to the current restrictions.

Briefing Notes

Trac Mon

All results (both qualifying & race) will be posted on the club website, there will be no paper copies available. Race Control will be closed to visitors as will the Timekeepers Office and Medical Centre (bring a First Aid Kit with you to deal with minor issues.)

If you are called to see the Clerk of Course please bring with you your own PPE, and your race footage (if you have any.) Judicial interviews will be carried out adhering to social distancing guidelines or maybe done by phone. Any decisions by the Clerk of Course will be given to you verbally and followed up via email. Please ensure the club has your correct email address on file.

Licence upgrade cards will not be signed. Upgrades may be obtained by submitting your results to Motorsport UK.

This is a busy meeting. We need your cooperation to make these new working methods a success. We therefore ask you for patience and the best possible driving standards. This will minimise incidents and therefore also minimise lost track time, which you have all paid for.

SPECIFIC CIRCUIT NOTES

This race meeting will be held at Anglesey Trac Mon Costal circuit; 1.55 miles in length.

Unless on the circuit, a speed limit of 10 mph applies at the venue [Q14.1]. Internal or service roads may not be used to test race cars. The location of scrutineering bay requires use of paddock roads so please take extra care going to and from scrutineering.

Prior to qualifying, get to the Assembly Area in good time for noise testing. You will be released directly to circuit at bottom of Corkscrew. Cars using pit garages must access assembly area via the paddock.

Leaving the circuit - after seeing the chequered flag, continue for one full lap then exit the circuit into the pit lane and into the parc fermé: next to the assembly area. Passing the chequered flag more than once may result in a penalty and wastes valuable track time.

Prior to racing, cars will be released straight onto the grid from the assembly area in grid order. Countdown will begin at 1 minute, before the signal to start the green flag lap.

Green Flag Lap - Note that during green flag laps, practice starts [Q12.14] and excessive weaving (more than 50% circuit width) are forbidden. On green flag laps if you stall or spin off and fall behind all other competing cars, you must remain behind those cars and start the race from the rear of the grid. Unnecessarily slow green flag laps may result in the race duration being reduced. Flag points at Trac Mon may be some distance from circuit so take care to note location on your green flag lap.

Live Recoveries - are not undertaken at Trac Mon, which means that if a stranded car needs to be recovered, this needs to be done with Safety Car or stopping the session (i.e. Red Flag).

Flag Infringements and Track Limits - by Judges of Fact. See overleaf for detail about on exceeding track limits. Please pay particular care at Rocket which has a blind, uphill entry. At the exit of Rocket / entry to the Start Straight take care with the kerb drivers right, as this kerb ends all four wheels must be inside the white line to avoid an ETL infringement.

Pit Lane Speed Limit - The speed limit in the pit lane is 60 kph.

GENERAL NOTES

Motor sport is a non-contact sport. All reports of contact will be investigated, using video evidence if necessary. Any driver involved in any incident may not leave the circuit without the consent of the Clerk of the Course.

Track behaviour - reports of abnormal direction changes (weaving) and any other manoeuvres likely to hinder other drivers will also be investigated; [Q14.4.1].

Track limits regulations [Q14.4.2, Q12.6.1] are summarised here:

- (a) In qualifying, running beyond track limits is likely to result in the loss of that particular lap time (note that a black & white flag signal need not be shown). This will occur on each occasion.
- (b) In racing, running beyond track limits is likely to result in the following penalties: 2nd occurrence: Black & white warning flag shown; 3rd occurrence: 5 sec time penalty added; 4th occurrence: 10 sec time penalty added; 5th occurrence: Drive-through penalty; 6th occurrence: Black flag & race exclusion.

Start Lights - these are located on a gantry above the grid. Once the 5 second board has been shown, the red lights will come on; the signal to start racing is the lights going out. In the case of light failure, the Union flag will be used instead. No team personnel are allowed on the pit wall for the start of the race.

Yellow Flags / Lights - Yellow flags / lights are used to warn you of a hazard or danger ahead and are there primarily for the protection of my marshals. Overtaking is strictly forbidden between the first yellow flag and the green flag - even if you are lapping a slower car [Q15.1, Q15.1.1].

Red Flags / Lights - As soon as these are displayed, reduce speed and stop racing. In qualifying return to the pits, in races return to the grid unless indicated otherwise. Again, overtaking is forbidden [Q15.1.j]. Pay attention as emergency (blue light) vehicles may join circuit.

Blue Flag signals - With the speed differential of some cars please respect the blue flags and give other competitors room. However, to be predictable, slower cars are entitled and encouraged to take the racing line.

Safety Car - the procedures are detailed in [Q App 2]; please ensure that you understand this fully before competing. Ensure that you bunch up as rapidly as possible, giving marshals time to sort out any on-track problems. Also note that during the restart, overtaking is prohibited until the start/finish line is crossed - this is easy to check.

Parc Fermé - after qualifying and/or racing, competing cars may be directed into the parc fermé (including retired cars). Whilst in parc fermé, the following applies:

- (a) No work on the car may take place of any kind, including reviewing camera footage
- (b) No team personnel, except the currently competing driver, may enter the area

Only footage from in car cameras requested by the Clerk of Course will be viewed. Drivers wishing to protest other competitor's actions must do so officially in accordance with [C5.1].

Briefing Notes

Trac Mon

At the end of your races, please wave to thank all the marshals; remember that they (we) are all volunteers and give up their time freely and without remuneration.
