Visual scrutineering will be conducted just before noise testing at the entrance of the assembly area, and in the paddock road while waiting to avoid causing congestion. Scrutineers will have the power to perform random spot-checks on both cars and drivers' equipment throughout the event.

If you are unsure of your vehicle's ability to meet the required safety criteria set out in the Motorsport UK general regulations, then please find a Scrutineer and ask them to check this for you. Ensure that you maintain social distancing at all times and allow plenty of time before your first session on track.

10. ELIGIBILITY

Eligibility may be checked by a member of the Motorsport UK Technical Commission listed in the 2021 Motorsport UK Yearbook at Appendix 5d. These Technical Commissioners will be considered as Judges of Fact within the Regulations. The only exception to this will be NASCAR Whelen Euro Series who will proceed directly from the garages into the pit lane when instructed by officials. From here they will head straight onto the grid with a lap of the Indy Circuit.

If the delay from the showing of the Green Flag to the start of the race takes more than three minutes, the organisers reserve the right to reduce the race distance.

Rolling Starts:

NASCAR Whelen Euro Series
SpeedFest Silhouettes
Pickup Truck Championship
Bernie's V8s
Legends Cars Championship

All races will have a green flag lap

Races will start when the red lights are extinguished, or the Union Flag is dropped.

17. GRIDS

All grids will be in accordance with Championship/Series Regulations & Track Licence.

18. COUNTDOWNS

For all races, the countdown will start at the 1 minute signal unless otherwise specified.

Any lap times set while the Safety Car is deployed during Qualifying will not be used to determine grid positions.

20. LIVE SNATCH

Brands Hatch is licensed for Live Snatch. During racing or qualifying any car that needs removing from a gravel trap may be removed by a 'snatch vehicle' under local yellow flags.

Live Snatch will not be used during Formula 5000 sessions.

21. TRACK LIMITS

At this event infringements of 'track limits' as defined by Motorsport UK Regulation Q14.4.2 will be detected by an automatic system that will identify the offending car and produce a photograph of the infringement.

This photographic evidence will be considered as a fact and may be used by the Clerk of the Course for judicial procedures in accordance with Motorsport UK Regulations.

The above mechanism for such infringements does not preclude from marshals, officials and Judges of Fact from reporting infringements.

22. CONTROL FLAGS

Control Flags: Control flags (Black/White, Black/Orange etc) with car numbers may be shown from the control line on driver's right at the line.

The same information may also be shown from electronic panels displayed alongside the start lights in addition to or as an alternative to the flags on the line.

All vehicles will do a complete slowing down lap and enter the pit lane.

All cars will go immediately either to the GP Paddock Parc Ferme, the garages, Parc Fermé in the outer paddock or to their paddock awnings as directed by officials.

Cars may be held under Parc Fermé conditions until released by the Chief Scrutineer, even if this is at their paddock location or the garages.

For all races that are of a set time duration, the Chequered Flag will be shown to the race leader the first time he passes the finish line after the time has elapsed unless otherwise specified.

24. RED FLAG

Any race generating a Red Flag may be rescheduled to the last race of the day, and will only be run if the timetable allows.

28. TIMING

All competitors are required to use a AMB TranX 260, AMB MYLAPS X2 or MYLAPS TR2 Racing transponder. This can be either direct or battery powered. Transponders can be purchased from TSL at www.tsl-timing.com in advance of the meeting.

There is no change to the time limits related to judicial procedures that can be found in the Motorsport UK Yearbook.

All decisions will be posted on the virtual noticeboard, which can be found on the dedicated event area of MSVR website (www.msvracing.co.uk)
