Arguably the cheapest form of single seater racing, Formula Vee uses many standard parts from the V.W.Beetle. Engine tuning is limited, gearboxes are standard and a control type is used. One of the best subscribed formulae, with close racing.

Once again, the formula receives sponsorship from Volkspares, which is paid to competitors on finishing positions. Awards for 1st, 2nd and 3rd overall.

CHAMPIONSHIP POSITIONS AFTER ROUNDS

This is a championship round of the Auto-Mufflers Formula V.W.Championship. The cars run to the same chassis regulations as the previous (Formula Vee) race, but with 13" wheels and Formula Ford tyres. Engines are the twin-port 1600 c.c. Volkswagen engine with only very mild tuning permitted.

This Championship is for rear-engined single-seater racing cars in two classes. Class A is for cars powered by the Ford 1300 pushrod engine, the Ford 1600 CVH engine or the Hillman Imp 998 engine. Class B is for pre-December 1982 Formula Ford 2000 cars. The separate classes are only taken into account for the end-of-season results and the race awards are for 1st, 2nd and 3rd regardless of class.

Dellorto Carburettors are once again the sponsors for the 750 Formula Championship, providing end-of-season prize money for competitors based upon the number of races they start during the year. The series also enjoys support from Yokohama Tyres.

The 750 Formula is the longest-established formula for sports-racing cars, having been devised by the 750 Motor Club in 1948 around the pre-war Austin 7, which had the 747 cc.side-valve engine. The formula now uses the 850 cc.Reliant engine giving higher performance and greater reliability.

Awards are for 1st, 2nd and 3rd overall, plus end-of-season awards.

The 750 Motor Club Formula 1300 Championship is for mid or front engined sports-racing cars, powered by the Ford 1300 Pushrod or the 1600 CVH engine, with tuning regulations. It is a highly competitive series, aimed at the home-constructor as well as professionally-built cars. The series was started by the 750 Motor Club in 1954 and its winners since then have included Arthur Mallock, whose 'U2' cars are used by many of today's competitors.

Awards are for 1st, 2nd and 3rd, with end-of-season awards for championship places.

BREUER GmbH, one of Europe's largest suppliers of static and mobile cranes and heavy lifting-gear, are the sponsors for this year's Roadgoing Sportscar Series. All cars must be genuine production cars as approved by the 750 Motor Club, and all must have a current MOT certificate. Engine and suspension are free within certain limits, and tyres must be road legal. Very close and exciting racing can be guaranteed.

Awards are for 1st, 2nd and 3rd overall, with Class awards subject to a minimum number of starters in the classes.

The 750 Motor Club Pre-War Austin 7 Series is run on a handicap basis and is open to pre-war Austin 7's, Specials and Kit-Cars (so popular in the early post-war years) and 750 Formula cars built prior to 1966. The handicapping system ensures that it is seldom the first car over the line that wins.

Awards are for 1st, 2nd and 3rd overall, with points scoring towards end-of-season awards.

The WRDA Welsh Open Single Seater Championship is run in two classes - up to 2 litres, and over 2 litres - and is one of the few championships for single seater Libre cars. Today sees a wide variety of vehicles including Formula 3, Formula 4, Formula Ford 2000, Formula 5000 and Formula 1 - quite a spectacle at such close quarters.

There is another round of this Championship at the 750 Motor Club meeting on the weekend of 21st/22nd September.

Dellorto Carburettors are once again the sponsors for the 750 Formula Championship, providing end-of-season prize money for competitors based upon the number of races they start during the year. The series also enjoys support from Yokohama Tyres.

The 750 Formula is the longest-established formula for sports-racing cars, having been devised by the 750 Motor Club in 1948 around the pre-war Austin 7, which had the 747 cc.side-valve engine. The formula now uses the 850 cc.Reliant engine giving higher performance and greater reliability.

Awards are for 1st, 2nd and 3rd overall, plus end-of-season awards.
