The Dave Bradley Memorial Race Day

MALLORY PARK

25th October 1992

Official Programme - £1.00

MALLORY PARK - 25th October 1992

This meeting is held under the General Regulations of the RAC Motor Sports Association Ltd. (incorporating the provisions of the International Sporting Code of the FIA) and the Supplementary Regulations, Final instructions and any written instructions which the Organisers issue for the race meeting.

RAC MSA Permit No: 26428

Clerks of Course: F.Blann A.Broom

RAC Steward: N.Harrison

Deputy Clerk: B.Smith

750 Motor Club Stewards: K.Farquhar G.Minhinnick

Chief Timekeeper: A.Preston (RACMSA Gp.2)

Chief Scrutineer: D.F.D.Smith (RACMSA Gp.1)

Chief Medical Officer: Dr. Vlatchsis

Chief Incident Officer: A.Bennett

Chief Marshal: T.Hiam

Eligibility Scrutineer: D.F.D.Smith

Timekeepers: R.Connor R.Langdale L.Jones J.Gilbert

B.Gladders L.Needham N.Pawson C.Needham

Scrutineers: M.Hoggarth I.Brocklesby A.Millson P.Beaumont H.Turnell

Emergency Rescue Unit: 750 Motor Club

Marshals: 750 Motor Club and B.M.R.M.C.

Commentator: Alan Robinson

Secretary of the Meeting: Robin Knight

Particular thanks today go to all the Marshals and other volunteers who have given their time and assistance to make this meeting possible.

This round of the 750 Motor Club PRE-WAR AUSTIN 7 SERIES is run in three classes and on a handicap.

'PRE-WAR' class is for specials in the pre-war style, and standard cars using Austin 7 mechanical components, spoked wheels and an A7 radiator shell.

'KIT CAR' class is for specials built round the bodies available in the '50s and '60s; engine, gearbox and axle to be Austin 7.

'HISTORIC 750 FORMULA' class is for cars built to the 750 Motor Club's original 750 Formula (1949-1966) and cars must have been raced prior to 1966.

The Club organises approximately ten Championship rounds each season, and points scored count towards end-of-year trophies.

Formula 1300 is for two-seater sports-racing cars, formulated by the 750 Motor Club in 1953, and originally used the Ford 1172 cc side-valve engine. The cars now use either the Ford 1300 crossflow or the 1600 CVH engine, both types with tuning restrictions. The chassis may be either home-constructed or proprietary front-engined (i.e. Mallock) at least two years old. There are about 15 Championship rounds per season.

The Formula enjoys new support this year from Lola Print Services of Tadley, who are print finishers specialising in lamination/encapsulation and wire-binding, and are suppliers to instant print shops and commercial printers.

For this year's Roadgoing Sportscar Series, all cars must be genuine production cars as approved by the 750 Motor Club, and all must have a current MOT certificate. Engine and suspension are free within certain limits, and tyres must be road legal. Very close and exciting racing can be guaranteed.

Awards are for 1st, 2nd and 3rd overall, with Class awards subject to a minimum number of starters in the classes.

Arguably the cheapest form of single-seater racing, Formula Vee uses many standard parts from the V.W.Beetle. Engine tuning is limited, gearboxes are standard, and a control tyre is used. One of the best subscribed formulae, with close racing.

Once again, the formula receives sponsorship from Volkspares, which is paid to competitors on finishing positions. Awards for 1st, 2nd and 3rd overall.

This championship is for more extensively modified, commercially-available, kit cars, with fewer restrictions on engine and suspension modifications, but still requiring MoT and road tyres. Like the Kit Car challenge, this provides an ideal Club Formula for the keen amateur, with about 13 races per season throughout the UK.

The Championship has continued support from Neweys, whose Birmingham-based jewellery centre has for 20 years been offering an extensive range of gold jewellery to the public at wholesale prices.

Formula 4, which was taken over by the 750 Motor Club in 1970, is for single-seater cars with no restrictions on chassis design; class B permits pre-October 1983 FF2000 cars (or pre-October 1982 Reynard) run to FF2000 regulations. Engines are either Ford Crossflow 1300, 1600 CVH or Hillman Imp. There are about 12 Championship rounds per season, run at circuits throughout the UK.

The Formula enjoys new support this year from Motorsport Engineering Services of Warwick, who specialize in race preparation and maintenance, modifications and conversions, fabrication and repair, and design of components. Cars can be run on a 'one-off' basis and help can be given with testing and development.

The 750 Formula is the longest-established formula for sports-racing cars, having been devised by the 750 Motor Club in 1948 around the pre-war Austin 7 which had the 747 cc. side-valve engine. The formula now uses the 850 cc. Reliant engine giving higher performance and greater reliability.

Awards are for 1st, 2nd and 3rd overall, plus end-of-season awards.

Nemesys is a Leicestershire-based software company which supplies bespoke financial and general commercial software with a speciality in the retailing and point-of-sale sectors. The company's products operate on most

Rundle							17

This series is for genuine, commercially-available, kit cars with restrictions on engine-tuning and suspension modifications, and provides an ideal Club racing level for the keen amateur car-builder at reasonable cost. All cars must have MoT certificates, and many are regularly used on the roads. There are about 13 rounds per season at most major UK circuits.

The Challenge is supported this year by Phoenix Sports Cars at Daventry, who are the distributors of the Sylva Phoenix, many examples of which will be racing today.
