**BIRKETT
6-HOUR
RELAY**

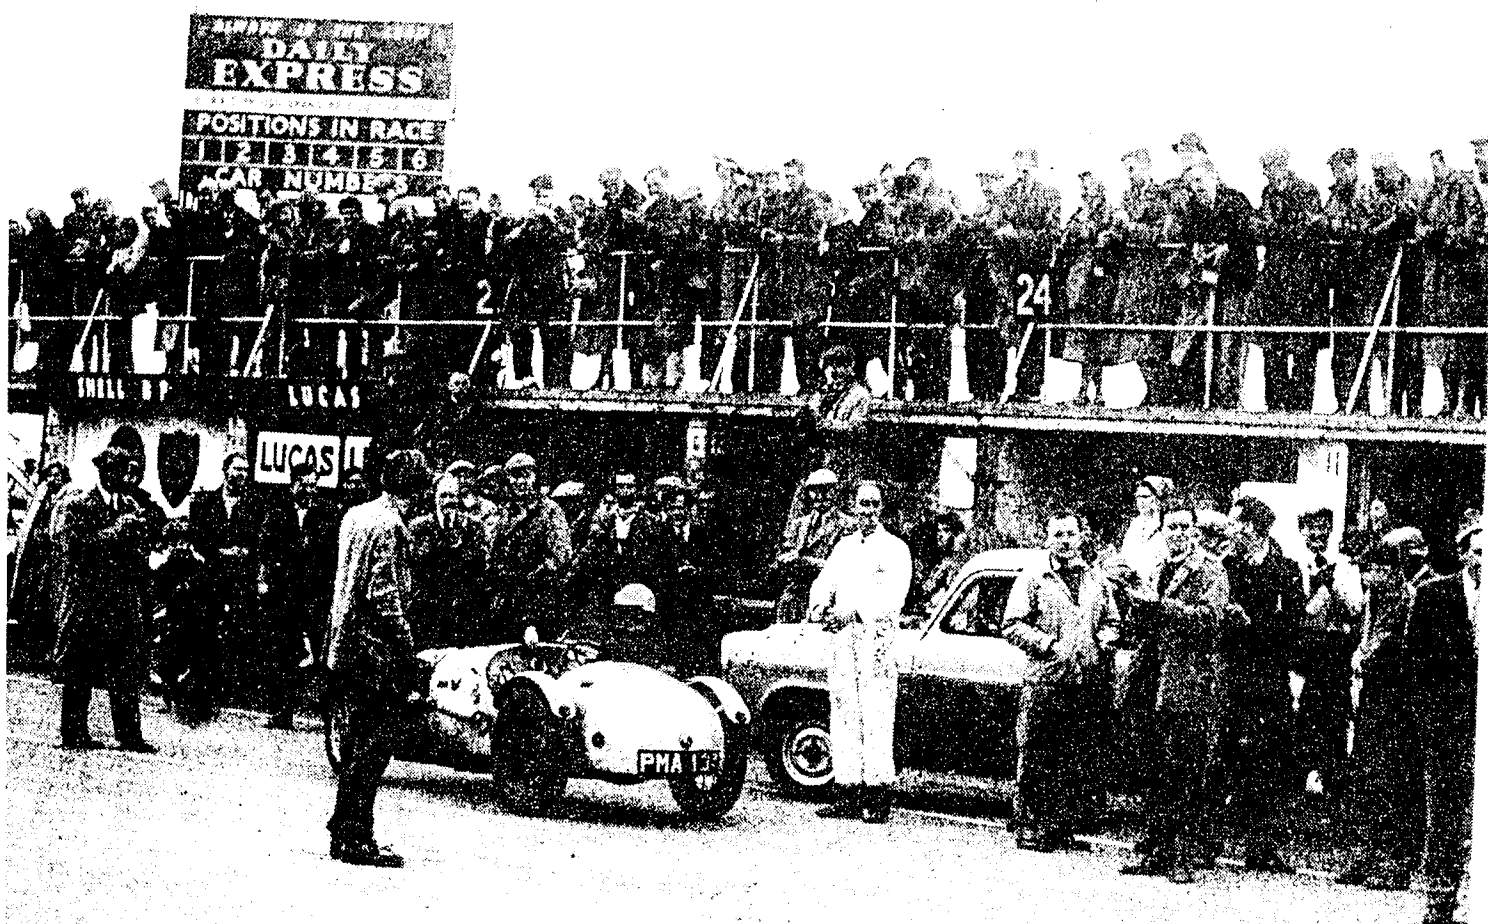

Welcome to this the 42nd Birkett Six Hour Relay Race, an event unique in the world of Motor Racing and run by the 750 Motor Club since its inception. The event is based upon a free relay system, each team having to complete as many laps as possible within the 360 minutes and can be won or lost by the tactics of the Team Manager just as easily as the performance of the drivers.

All Teams, with the exception of the one in 'scratch' position are credited with a number of laps which are presumed to have been run before the start of the race. The end-of-race results are calculated from these credit laps plus the actual laps completed; however if the Pace Car is brought out then the handicappers adjust the credit laps accordingly.

There is as wide a range of cars at this year's event as ever, which is perhaps one of the reasons why the 'Birkett' remains so popular, there being no less than 51 Teams who wished to participate this year.

Past competitors have included Dickie Attwood, John Sprinzel, Colin Chapman, Jim Clark, Graham Hill, Steve McQueen, Sir John Whitmore, Vic Elford, John Miles, Eric Broadley, Arthur Mallock, Clive Trickey and many others (not to mention Gerry Marshall who is competing today!) - who knows what future stars are taking part today?

Cars & Car Conversions have re-kindled their support for this race and will undoubtedly be giving blow-by-blow articles in future editions of their publication; make sure you buy a copy!

SNETTERTON - 14th NOVEMBER 1992

This meeting is held under the General Regulations of the RAC Motor Sports Association Ltd. (incorporating the provisions of the International Sporting Code of the FIA) and the Supplementary Regulations, Final instructions and any written instructions which the Organisers issue for the race meeting.

RACE FINISHES	4.0
Awards Ceremony in Clubhouse	5.0

NEWS RELEASE

The 750 Motor Club released details of its exciting new saloon car formula earlier this month. Designed as a low-cost introduction to saloon car racing, the new series will be open to competitors in hatchback cars over three years old up to 1600 cc. The championship will be run in two classes according to engine capacity, and all cars must have a current MOT certificate and use road tyres. The Club have introduced a clever way of ensuring close competition by ballasting cars that are driven to a top three finish. A win will result in a 20 kgs.penalty, second place 10 kgs. and third place 5 kgs. Ballast will be added or deleted after each race according to the cumulative total of the previous five race positions. Announcing the new series, Keith Messer, 750 Motor Club Racing Director, said "With secondhand prices for high performance hatchbacks falling rapidly, they make an ideal basis for a low cost saloon car formula. The weight penalties will ensure close competition and the regulations have been carefully worded to control preparation and running costs. A competitive car could be on the road for under £4,000."

Further details can be obtained from Robin Knight, Racing Competitions Secretary (telephone 0379-854338) and prospective competitors are invited to discuss the new formula at the Hilton Hotel, Warwick on 28th November (1300 - 1400) or 29th November (1220 - 1330).
