RATRACE
 MOTOR SPORT SERVICES

Mono-Kent is for single seater racing cars, either eight years old or home constructed, with restricted 1600 cc engines similar to those used in Formula Ford. All cars use regulation Uniroyal tyres. All Mono-Kent drivers are true amateur enthusiasts running with limited budgets; their enthusiasm is reflected in the extremely high standard of car preparation.

Ratrace Motor Sports Services of Hendon supplies a wide range of performance parts, equipment and racewear.

Formula 1300 is for two-seater sports-racing cars, formulated by the 750 Motor Club in 1953, and originally used the Ford 1172 cc side-valve engine. The cars now use either the Ford 1300 crossflow or the 1600 CVH engine, both types with tuning restrictions. The chassis may be either home-constructed or proprietary front-engined (i.e. Mallock) at least two years old. There are about 15 Championship rounds per season.

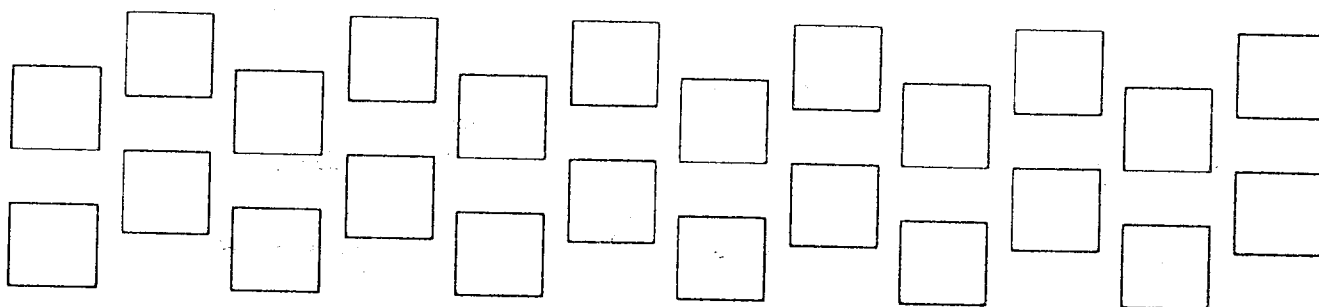

The Formula enjoys new support this year from Lola Print Services of Tadley, who are print finishers specialising in lamination/encapsulation and wire-binding, and are suppliers to instant print shops and commercial printers.

This is an all-comers race for Porsche drivers, most of whom are members of the Porsche Club GB and registered competitors in one of the 1992 Championships. Bill Taylor was a great Porsche enthusiast and a talented and quick racing driver; sadly, he died from cancer, and this race is held in his memory, being one of many fund-raising activities for the Bill Taylor Cancer Fund.

Today's race is a handicap event - drivers' handicaps will be worked out by an official RACMSA handicapper. This is an "end of season" race for fun, since all the key Championship positions have been resolved, and the drivers are out there racing for pleasure and to raise money for the fund. Pam, Bill's wife, will be presenting a superb award to the winner on handicap after the results have been calculated.

The race will last for one hour, and involves, in the majority of cases, two drivers. The change of driver has to be between 25 and 35 minutes after the start - those who are driving the race on their own still have to stop in the pits, but instead of changing drivers have to get out of the car and run round it before getting back and rejoining the race!

The 750 Motor Club are delighted to be hosting this race, and will be donating a significant sum to the Bill Taylor Cancer Fund.

The 750 Formula is the longest-established formula for sports-racing cars, having been devised by the 750 Motor Club in 1948 around the pre-war Austin 7 which had the 747 cc. side-valve engine. The formula now uses the 850 cc. Reliant engine giving higher performance and greater reliability.

Awards are for 1st, 2nd and 3rd overall, plus end-of-season awards.

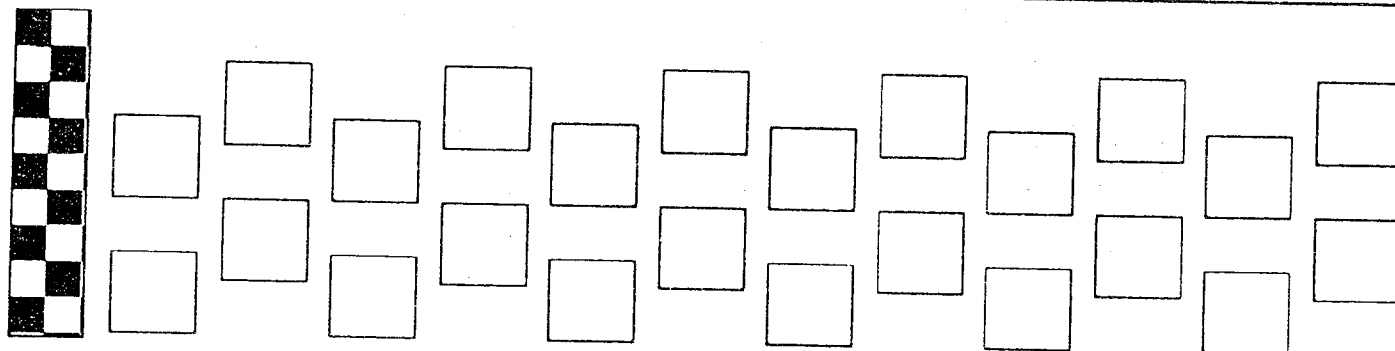

Nemesys is a Leicestershire-based software company which supplies bespoke financial and general commercial software with a speciality in the retailing and point-of-sale sectors. The company's products operate on most types of hardware from single terminals to large multi-user environments.
