

CHAMPIONSHIP MOTOR RACING

PEMBREY
7th-8th May 1994
OFFICIAL PROGRAMME - £ 1

This meeting is promoted by
B.A.R.C.(Pembrey) Ltd.

Chief Executive:
D.I.CARTER

Circuit Manager:
P.DAVIES

FLAG SIGNALS

BLUE/STEADY: Another competitor is close.
BLUE/WAVED: Another competitor is trying to pass.
WHITE: Service vehicle or very slow car on circuit.
YELLOW/STEADY: Danger ahead, no overtaking, slow down.
YELLOW/WAVED: Great danger ahead: no overtaking, slow down, be prepared to stop.
YELLOW with RED STRIPES: Slippery surface ahead.
GREEN: Proceed: hazard indicated has been cleared.
RED: Stop racing: proceed slowly to pits or startline as instructed by marshals.
(At startline and individual marshals' posts) Race stopped.
BLACK and ORANGE DISK displayed with WHITE NUMBER: Warning of mechanical failure which might not be obvious to driver: call into pits immediately.
BLACK and WHITE RECTANGULAR with WHITE NUMBER: Warning to driver that his behaviour (e.g., cutting corners) is suspect, and he may be black-flagged.
BLACK DISPLAY with WHITE NUMBER: Driver must call in immediately and report to Clerk of the Course.
BLACK and WHITE CHEQUERED: End of race.

Races are started using a system of red/green traffic lights.

CONDITIONS OF ADMISSION

Motor racing is dangerous, and persons attending the meeting do so entirely at their own risk.

It is a condition of admission that all persons having any connection with the promotion and/or organisation and/or conduct of the meeting, including the owners of the land and the drivers and owners of the vehicles, are absolved from all liability arising out of accidents, howsoever caused, resulting in damage and/or personal injury to spectators, pass and ticket holders, or to their goods or vehicles.

PROGRAMME AND COPYRIGHT

The promoters reserve the right to amend or cancel the meeting without notice or refund. All literary matter in this programme, including the list of competitors and their racing numbers, is copyright, and any person found making illegal use thereof will be prosecuted. Although every effort is made to avoid inaccuracies in the descriptions of competing cars, the Club accepts no responsibility for any errors that may occur. It is a condition of admission to these premises that photography, cine-film, video film, sound or any other visual or audio use, including making copies of the recording or reproduction, causing or permitting it to be seen or heard in public, broadcasting, diffusing, selling, renting, exchanging, lending, using for gain, or otherwise dealing with it in whole or in part is strictly prohibited. Use of privately owned camcorders for private viewing purposes only is permitted by the circuit owners without prior permission. Furthermore, BARC (Pembrey) Ltd. reserve the right to confiscate and retain possession of any photographs or films made in breach of this condition, and without its express consent in writing).

LEAFLET DISTRIBUTION IS STRICTLY PROHIBITED.

SPECTATOR NOTICES

Please do not leave litter about the grounds - take it with you. Remember to drive with care and caution when leaving the grounds. To safeguard both competitors and public,

ANIMALS ARE NOT ADMITTED

This is most important.

Prohibited Area notices: The public are not admitted to the areas where these notices are displayed. The fences are there for protection, and any person or persons caught trespassing or wilfully damaging trees, fences, etc., will be prosecuted by BARC (Pembrey) Ltd.

The Promoters reserve the right, without notice, to make any alterations in the race programme.

ENQUIRY OFFICE

All enquiries relating to property lost or found, children lost or found wandering, theft from cars or other signs of tampering, emergency messages for spectators, and any other serious problems relating to persons or property, should be directed to the Circuit Office.

FORMULA VEE is a single-seater formula of free chassis design based upon original Volkswagen mechanical components and was first run in the UK in 1966. Once again sponsored by VOLKSPARES, the Volkswagen specialists, the championship is an ideal formula for both the beginner and the more experienced looking for competitive single seater racing on a low budget.

VW parts used include the 1300cc air-cooled engine, the Type 1 gearbox with specific ratios, the front and rear suspension and the braking systems; all these controlled within the regulations and help to keep running and preparation costs affordable.

FORMULA 4, the Club's 'slicks and wings' single-seater formula, caters for the amateur designer/constructor in Class A where there are no chassis restrictions and engines are either the Ford 1300 crossflow or the 1600CVH; some cars are converted F3 or FF1600/FF2000, others are highly successful designs by the driver himself. Class B permits pre 1982 FF2000 cars run to those regulations. The combination provides very close racing, demands technical skill in preparation and setting-up and yet is still available within budgets lower than those usually expected for this type of racing. The Championship is supported by YOKOHAMA TYRES in 1994.

Formula Mono-Kent is for single-seater racing cars, either six year old FFs or self-built specials. They must use the Ford Kent engine, and regulations allow uprating by very inexpensive means to produce enough horsepower to warrant the use of wings and slick racing tyres. All cars use regulation UNIROYAL tyres, and the formula is renowned for its close and competitive racing. Mono-Kent drivers are true amateur enthusiasts with limited budgets, and their enthusiasm is reflected in the high standard of car preparation.

The 1994 season sees the introduction of the Monoposto Supporters Club. It is hoped that many regular spectators and indeed some new ones will join us: for further information please contact the secretary, Suzy Livingstone, on 0860 894354, or the PRO, Dave Wall, in the paddock today.

WESPRESS CASTINGS 750 Formula Championship is for two-seater sports racing cars powered by the Reliant 850 cc engine. This formula is aimed at the designer/constructor/driver and the chassis regulations allow considerable freedom. The engine regulations require a standard block, cylinder head and crankshaft to be retained and power output is controlled by the use of a carburettor restrictor plate.

This year the championship receives support from **WESPRESS CASTINGS** of Willenhall, whose foundry produces a wide range of aluminium castings for both general and automotive use, the latter including castings for Formula Vauxhall Lotus and wheels for Bugatti.

FORMULA 1300 was introduced by the Club in 1954 as being the 'big-brother' to 750 Formula and is for two-seater sports-racing cars. Many cars are home designed and built, others being proprietary front or rear engined cars. Over the years various engines have been used and this season sees the Ford crossflow 1300 and CVH 1600, whilst Sports 2000 and Clubmans B cars are permitted running to their own regulations.

Formulas Monoposto is for single-seater racing cars, either self-built specials or four year old factory made cars such as Formula 3, Vauxhall Lotus, Formula Renault and FF2000. The choice of engines includes the Pinto 2-litre SOHC with restricted tuning, 1600 cc pushrod or any 1100 cc engine, both of the latter with unlimited tuning. Power output is about 180 to 190 bhp, which is a true challenge to any competitor. The Formula is exclusively for amateurs, whose enthusiasm is evident in the high standard of car preparation.

The 1994 season sees the introduction of the Monoposto Supporters Club. It is hoped that many regular spectators and indeed some new ones will join us: for further information please contact the secretary, Suzy Livingstone, on 0860 894354, or the PRO, Dave Wall, in the paddock today.

This fifth round of the MG Car Club BCV Championship is sponsored for the a second year by the largest manufacturer and supplier of MG spares in the world. The Championship caters for the B, C and V8 models of MG sports cars, and is divided into four classes. Class A is for standard MGBs and MGCs with very little modification allowed, and running on road tyres. Class B is for standard GT V8s and roadgoing MGB and MGC, with greater freedom of tuning, especially to the engine, allowed and running on road tyres. Class C for MGBs and MGCs allows almost unlimited modifications, and use of slick racing tyres; this class represents the ultimate development of both the 4 and 6-cylinder M.G. Finally, Class D is for fully-modified V8-engined versions of the MGB. With the 3.9-litre Rover-based engines producing over 300 bhp, these cars have terrific performance and are spectacular to watch.

The HOT HATCH CHAMPIONSHIP was started in 1993 and has two main sponsors - MARSHAL TYRES and FAST CAR MAGAZINE. The regulations allow any listed Hatchback car available for sale in the UK three or more years ago, up to a maximum of 1600 ccs, with a class split at 1400ccs. Multi-valved engines up to 1400 ccs go into the 'big' class. Minor engine modifications & suspension tuning is permitted and, apart from safety regulations, are identical to road cars. MoT is required and all cars run on a MARSHAL 767 tyre. Close and entertaining racing is guaranteed from this new 'low cost' formula.

ROADGOING SPORTSCAR Championship is probably the Club's most popular formula, catering for genuine production sports cars (as approved by the Club). Engine modifications are free within controlled limits, alterations to suspension and braking systems are permitted, tyres must be road legal and all cars must have a current MoT certificate. There are 4 classes:- up to 1330ccs; 1331 to 2500; 2501 and over; and a separate class for all Lotus 7 and Caterham 7 cars. A very wide range of cars always provides entertaining racing.

The SUPERSPORTS CHAMPIONSHIP once again enjoys support from NEWEYS JEWELLERY CENTRE of BIRMINGHAM and is for more modified kit cars. Front- or rear-engined cars are eligible, with racing gearboxes, multi-valved engines and slick tyres. The engine capacity classes are:- up to 1350ccs 2 valves, up to 1660ccs 2 valves, 1661-2100 2 valves and up to 1450ccs multi-valve, and the 'big' class is 2101 - 4076cc 2 valves and up to 2100ccs multi-valve.

This popular championship has attracted a quality entry of British sports cars from the fifties and sixties. There are three classes for Standard, Road Modified and Fully Modified cars. Close racing, full grids and friendly competition have been the hallmark of the championship, final championship placings often being decided at the very last round.

Goldsmith & Young Ltd. are specialists in the restoration and preparation of all post-war Aston Martins and other quality classic cars.

The KIT CAR CHAMPIONSHIP is for genuine roadgoing kit cars as recognised by the Club. Cars must be front-engined, run on road tyres and have a current MoT. Run in three engine-capacity classes of up to 1350ccs, 1351 to 1660ccs and 1661 to 3528ccs maximum, all engines must be genuine production engines and tuning is quite limited. Many of the cars are also used by their owners on the road and this is an ideal formula for the driver who wants to construct his own vehicle from a proven design.
