BIRKETT 6-HOUR RELAY

Welcome to this the 44th Birkett Six Hour Relay Race, an event unique in the world of Motor Racing and run by the 750 Motor Club since its inception. The event is based on a free relay system, each team having to complete as many laps as possible within the 360 minutes, and can be won or lost by the tactics of the Team Manager just as easily as by the performance of the drivers.

All teams, with the exception of the one in 'scratch' position, are credited with a number of laps which are presumed to have been run before the start of the race. The end-of-race results are calculated from these credit laps plus the actual laps completed; however, if the Pace Car is brought out then handicappers adjust the credit laps accordingly.

There is as wide a range of cars at this year's event as ever, which is perhaps one of the reasons which the 'Birkett' remains so popular – there being no less than forty-seven teams who wished to participate this year.

Past competitors have included Dickie Attwood, John Sprinzel, Colin Chapman, Jim Clark, Graham Hill, Steve McQueen, Sir John Whitmore, Vic Elford, John Miles, Eric Broadley, Arthur Mallock, Clive Trickey, Gerry Marshall and many others.

PLEASE NOTE: The list of officials and timetable for the race will be found on the inside back cover of this programme.
